Nipponese Report Chinese General's Desertion and Plan To Win Erst-while Foes by Kindness.

By the Associated Press. TOKYO—The government saw "real danger" that Japan would be compelled to take military steps to prevent "a Chinese attack on our garrison at Tientsin or a massacre of Japanese at Peiping." Japan soon will inform the powers, including the United States, what policy she will pursue in the Tientsin-Peiping area south of the Great Wall.

TIENSIN—Chinese were apprehensive that the Japanese campaign to conquer Jehol province would mean military operations below the wall.

CHINGCHOW—Japan held the full length of the Chingchow-Peiping railway, leading from Manchuria into Jehol, which provided them with a railroad jumping-off place for the big drive, scheduled to begin in a few days.

CHANGCHUN—A report was heard that General Lue Kuei-Tang, commander of 15,000 Chinese troops in the Lueh valley region of north-ern Jehol, had offered to ally himself with the Japanese.

LONDON—The cabinet decided that Britain could not act indepen-ently to bring about an effective em-bargo on arms shipments to the far-east.

TOKYO REVEALS DANGER OF CHINESE INVASION TOKYO, Feb. 22.—(AP)—A gov-ernment spokesman said today there is "real danger" that Japan will be compelled to take steps to protect Japanese nationals in Peiping and Tientsin endangered by the impending military campaign to conquer the province of Jehol to the north.

The government intends soon to in-form the ambassadors of the principal powers interested in China of the poli-cy it will pursue concerning the Pei-ping-Tientsin area. These ambassadors (one of whom naturally would be the American representative) will be told, the spokesman said, that Japan has no plan to carry the Jehol opera-tions south of the Great Wall of China.

"However, there is real danger that a backwash from the Jehol campaign will result in a Chinese attack on

Cabinet List Complete, Other Posts Considered

Naming of Daniel C. Roper and Harold Ickes In Commerce and Interior Departments In Capital List Is Surprise.

(Copyright, 1933, by The Associated Press.) WASHINGTON, Feb. 22.—(AP)—Heralding the imminence of a new ad-ministration, it was authentically re-vealed today that President-elect Roosevelt had just completed a cabi-net of national pattern and turned to other major appointments.

Barring an unexpected shift at the last minute, three of those to sit around the White House council table with the next chief executive will be from the east, three from the south, two from the midwest and two from the west.

Of the ten, but one named had remained a secret until now—that of Daniel C. Roper, of South Carolina, as secretary of commerce.

Norman H. Davis, by invitation of the president-elect in New York to-day, will remain in the office of the American delegation to the Geneva arms conference, assuring continuity of this country's policy there.

Although only the first two of the ten have been formally announced, the cabinet set-up is accepted in Wash-ington to be:

Treasury—William H. Woodin, of Pennsylvania and New York.

War—George H. Dern, of Utah. Justice—Thomas J. Walsh, of Mon-tana.

Postoffice—James A. Farley, of New York. Navy—Claude A. Swanson, of Vir-ginia.

Interior—Harold Ickes, of Illi-nois. Agriculture—Henry A. Wallace, of Iowa.

Commerce—Daniel C. Roper, of South Carolina. Labor—Miss Frances Perkins, of New York.

Uncertainty over the cabinet re-moved, capital attention advertised to the other offices expected to be filled before long after March 4.

Hull was not ready to talk about his assistants; but the name of Pro-fessor Raymond L. Moley, adviser to Mr. Roosevelt, persisted in specula-tion in that connection.

Howell Mentioned. For the other high posts in the state department and legations abroad, prominent names heard included Judge Robert W. Bingham, of Kentucky; Clark Howell, of Atlanta; William Phillips, of Massachusetts; Frank Polk, of New York, and Sumner Weller, of Maryland.

Professor Felix Frankfurter, of the Harvard Law school, still was cited as to be solicitor-general in the justice department.

CLIENTS 'SOUL-OUT' AS NATIONAL CITY SAVES OFFICERS

"Morale" at Stake, Bank Urged Employees To Buy Stock After Market Crash.

WASHINGTON, Feb. 22.—(AP)—An amazed senate investigating com-mittee learned today that while the National City bank was selling out its customers in the frenzied days fol-lowing the market crash of 1929, it set aside \$2,400,000 for interest-free loans to protect its own hard-pressed officers.

While this was being established by the banking committee, Senator Wheeler, democrat, of Montana, on the floor of the senate scathingly ar-raigned Charles E. Mitchell, chairman of the National City board of direc-tors, as a result of the latter's tes-timony that to avoid paying an in-come tax in 1929 he took a loss of nearly \$2,800,000 by selling bank stock to a member of his family, to be rebought later.

"The best way to restore confi-dence in the bank," Wheeler said, "would be to take these crooked presi-dents out of the bank and treat them the same as we treated Al Capone when he failed to pay his income tax."

Gordon S. Rentschler, president of the bank, told the committee of the loan fund for the institutions' offi-cers. "The committee," he said, "was without interest and sometimes without security as a means of sus-taining the morale of the organiza-tion."

Under examination, he disclosed that only about 5 per cent of the loans have been repaid, and that they have been written down and transferred by the bank to its security affiliate, the National City Company.

Rentschler described a plan under which employees of the bank were per-mitted in 1929 to buy its stock at \$200 and \$220 and acknowledged that although installment payments have been made, the stock is still owned by them more than the shrunken market value of the securities.

Several times during the bank presi-dent's testimony, Ferdinand Pecora, committee counsel, questioned whether banking laws had been violated, but Rentschler denied they had.

Pecora raised the point particularly when he developed that the bank had been in 1929 to buy its stock at \$200 and \$220 and acknowledged that although installment payments have been made, the stock is still owned by them more than the shrunken market value of the securities.

Rentschler denied this was a viola-tion of the law forbidding a nation-al bank to sell its stock to the bank's officers and directors. "I would not like to see it done again," he said.

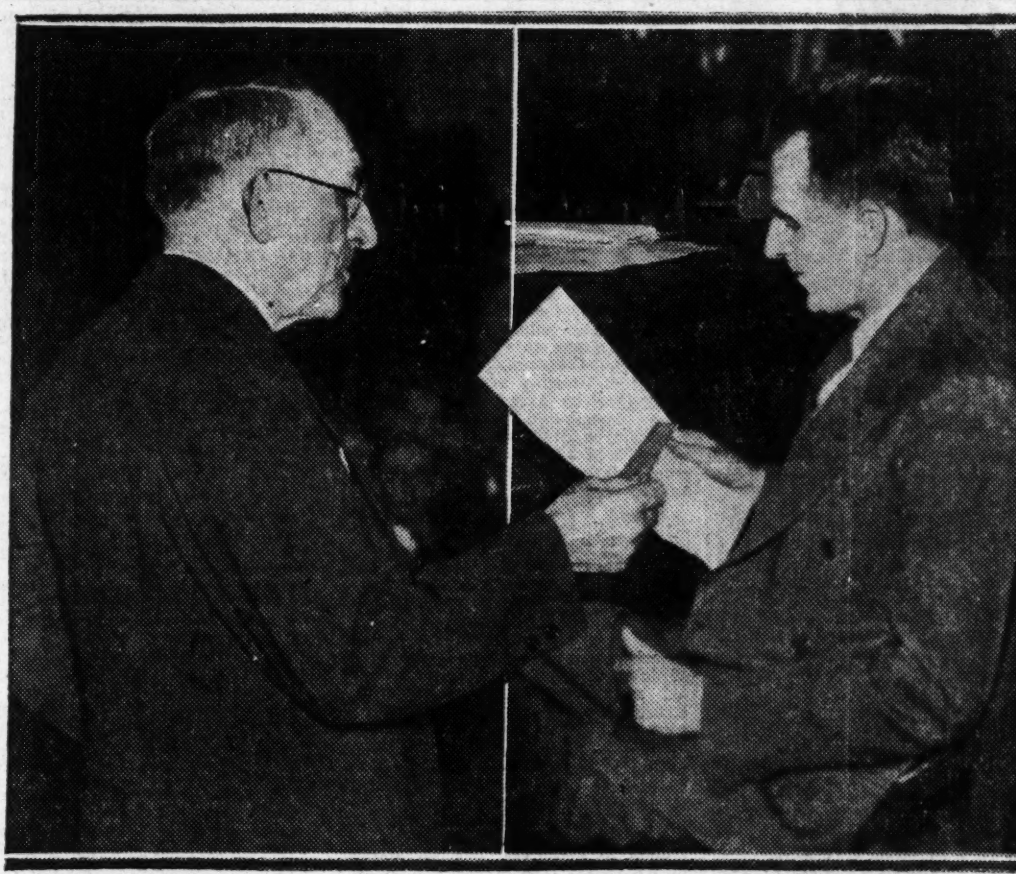

Earlier in the day Mitchell, chair-man of the bank, told of participation by the security affiliate in joint ac-tions for trading in copper stocks and acknowledged he "wouldn't do it again."

Questioned by Pecora, Rentschler said the fund for loans to the bank's officers was created by action of the board of directors November 13, 1929, shortly after the stock market crash.

About 100 officers of the bank and its security affiliate borrowed from the fund, he said, without interest and some without security.

The accounts were closed out De-cember 15, 1930, he said, some being written off and others transferred to the company. When Pecora sug-gested that the fund was a "shell" to hide losses, Rentschler said the fund was a "shell" to hide losses.

Rountree's Dismissal Climaxes Probe of Job-Selling

ROOSEVELT URGES WORLD ARMS CUT

Norman Davis Asked To Continue Peace Parley at Geneva.

By FRANCIS M. STEPHENSON. HYDE PARK, N. Y., Feb. 22.—(AP)—President-elect Roosevelt spread his activity in international affairs today to the subject of disarmament and ordered a continuation of the present American policy in the impending Ge-neva parley.

Conferring with Norman H. Davis, American representative in the arms and economic negotiations, just before leaving his New York city home to-day Mr. Roosevelt asked him to con-tinue as acting chairman of the de-legation at Geneva.

The president-elect emphasized to Davis that he regarded reduction of world armaments one of the most vital and important matters of the present time.

He remained over several hours in New York to consult with Davis and also to confer with William H. Woodin, who was announced last night as the Roosevelt secretary of the treasury. Jesse E. Jones, of Texas, the probable new chairman of the Re-construction Finance Corporation, was also at the Woodin parley.

Most of his urgent problems, in-cluding the selection of his cabinet, were out of the way when Mr. Roosevelt entered his guard room at the White House, where he was met by members of his party to Hyde Park, 75 miles up the Hudson river, late in the day from New York.

He withheld, however, announce-ment of other cabinet officers besides Senator Hull, of Tennessee, the sec-etary of state, and Mr. Woodin. Asked

One Minister Is Fined For Fight With Another

JONESBORO, Ark., Feb. 22.—(AP)—The Rev. Dow Heard, pastor of the First Baptist church, was fined \$5 in municipal court here to-day for his plea of guilty to charges of disturbing the peace growing out of a fist fight on a downtown street last week with another Baptist min-ister, the Rev. Dale Crowley, pas-tor of the Jonesboro Baptist Tab-ernacle.

Charges against Mr. Crowley were dismissed.

The altercation between the min-isters grew out of alleged derogat-ory remarks about Mr. Heard made from the pulpit of the tab-ernacle by Mr. Crowley, who suc-ceeded the Rev. Joe Jeffers, evangelist. Jeffers' rivalry with Heard pre-cipitated a division of the local Ba-ptists and resulted in the calling out of the national guard to keep order when anger of a clash between the rival factions appeared imminent.

DISARMED WORLD SOUGHT BY HITLER

German Chancellor Offers To Scrap Army If Other Nations Follow Suit.

By LOUIS P. LOCHNER. (Copyright, 1933, by The Associated Press.) BERLIN, Feb. 22.—Chancellor Adolf Hitler, whom political oppo-nents depict as a saber-rattling be-liever in big armies and navies, com-mitted himself unequivocally today to a policy of universal and complete disarmament.

"We are willing to go to any lengths to further the ideal of dis-armament," the chancellor told the Associated Press.

Then, raising his voice passionately and giving a punch to every word with an emphatic gesture or a vig-orous nod of his head, he continued:

"But we insist that the same stand-ards shall apply for all. Do away altogether with armies if you please and Germany will gladly scrap hers also."

This declaration by the new chan-cellor was one of the marginal notes, so to speak, emphasizing the points in a written memorandum which he handed the correspondent at the con-clusion of the interview.

"You have submitted a number of questions," said Herr Hitler, who was dressed in his customary black suit, black shoes, white shirt and black tie, with a nasal emphasis in the last sentence. He dropped informally into a big leather chair.

"To come I shall reply quite briefly," he continued, "whereas I wish to discuss compulsory labor service and the militia at more length."

"First, our relation to America. The attitude of the national govern-ment of Germany toward the United States is one of friendship and good will."

FARM HEAD MAKES UNEXPECTED MOVE IN MIDST OF PROBE

Statement Read After Campaign Manager Says That Contributions Were Made With "Refund" Provisions on Receipt.

PRINCIPALS SILENT AS BOARD ADJOURNS

Rountree, Reluctant To Testify Again, May Be Forced To Appear Before Board, Says Sisk.

By L. A. FARRELL. In an unexpected statement to the special committee investigating alleged job-selling in his department, Commissioner of Agriculture G. C. Adams late Wednesday announced the dis-missal of J. W. Rountree, director of the bureau of markets and former Adams campaign manager.

Commissioner Adams announced that he had "severed" Rountree's con-nection with the department after the market bureau director had admitted before the committee that he had received for campaign contributions with written memoranda that the con-tributions were made with the con-sideration that the donors would be rewarded with jobs in the depart-ment and that in the event they did not receive satisfactory appoint-ments their contributions would be re-turned to them. Rountree had in-sisted to the committee that Com-missioner Adams knew of each and every transaction between Rountree and the campaign contributors.

Rountree would make no statement concerning his dismissal save to say that he was "sorry Mr. Adams chose such a course."

The former bureau head said he would not again appear before the committee "unless forced to." Senator J. T. Sisk, of Elberton, said, however, that he was reporting the commis-sioner would want more testimony from Rountree and that he would hale Rountree before the bar of the senate for contempt in the event he refused to testify.

Adams' statement to the committee climaxed a day of rumors during which it was reported the commis-sioner had called upon his former cam-paign chief to leave the department and that Rountree had refused. One witness here said the committee would want more testimony from Rountree and that he would hale Rountree before the bar of the senate for contempt in the event he refused to testify.

"I wish you to understand that I welcomed this investigation because of the rumors floating around. I also desire to express my appreciation of the fair and thorough manner of the investigation."

"The department, and I as head thereof, cannot approve or permit some of the things that have been reported, and I have expressed my disapproval by severing the connection of Mr. Rountree with the depart-ment."

I trust this committee has been convinced of the true situation, but if further information is desired, we are anxious to supply it to the extent of our knowledge."

The principals silent. Adams would not comment further on the statement after the hearing adjourned until 2:30 o'clock this af-ternoon.

AQUILLA J. ORME TAKEN BY DEATH

Prominent Atlantan Was Leader in Social, Legal and Financial Fields.

Aquilla J. Orme, 58, widely known Atlanta lawyer and businessman, died at his home, Habersham and Valley roads, early Thursday morning from a heart attack he suffered Wednesday morning.

Following his graduation at the Vir-ginia Military Institute and the com-pletion of a course at the Atlanta Law School, Mr. Orme was a practicing attorney in Atlanta for many years, leaving active practice ten years ago, when he was associated with Marion M. Jackson, to accept the presidency of the Atlanta Trust Company. After the sale of the trust company to the Citizens and Southern National bank he had been in charge of the liquida-tion of the former and a member of the liquidation committee.

Mr. Orme was a former member of the board of the Georgia Baptist hos-pital, a member of the First Baptist church and of all the prominent clubs in the city.

In banking, political, social and civic circles there were few more pop-ular citizens of Atlanta than Mr. Orme. He was a member of city council for three terms and was chair-man of the finance and police com-mittees of that body. In the trans-action of the city's business, Mr. Orme's sound business judgment and keen appreciation of business affairs were regarded as an asset to the mu-nicipality.

Born in Atlanta, April 30, 1874, Mr. Orme was educated in the pub-lic schools of Atlanta. Later he was graduated from Virginia Military In-stitute, Lexington, Va., and the At-lanta Law School, where he received his law degree in 1904 until 1922.

Apart from the law and banking, he was interested in real estate and in horse racing.

FATE OF TAG BILL UP TO CONFEREES

Hope for Cut Revived as Rivers Names Board, Urges Agreement.

Hopes of Georgia motorists for some form of reduction in the prices of automobile tags were revived Wednesday afternoon when the sen-ate, although turning down, 37 to 19, the tag bill as amended by the house, sent it back into conference committee. Speaker Rivers, of the house, in appointing a committee on behalf of that body, urged that an agreement of some kind be reached, and it will be in a way you won't like because he will use an ax. This is not a threat, but a prediction. "I don't know," he said, "I would like to see a moratorium on a reduction bill is not passed."

Senator Colson, asked if the entire tag bill was not really directed at Governor Talmadge, said that "he recog-nizes that we have a right to our opinion on public questions, and we

Auditor for Railroad Takes Own Life Here

James M. Moffett, 68, for the last 35 years an auditor for the Southern railway, killed himself with a pistol early Wednesday night at the home of Mr. and Mrs. A. L. Besse, 1004 Ponce de Leon avenue where he roomed, police reports said.

Besides Mr. and Mrs. Besse, with whom Moffett had lived since his transfer here from Washington a few years ago, only one other person, E. L. Sanders, was in the house at the time of the shooting—shortly before 7 o'clock.

They told police that Moffett had been despondent recently over the can-cellation of some insurance. Mrs. Besse heard a shot in the bath room and notified police, who took Moffett to Grady hospital. He died a few minutes after being admitted. A bul-let from a .38 caliber pistol entered his mouth and came out at the top of his head.

Moffett's wife and two children, a boy and girl live in Washington.

Dobbs Is Pardoned By Gov. Talmadge

W. Guy Dobbs, former alderman, who served part of a chain gang term on charges of bribery, Wednesday was granted a full pardon by Governor Talmadge. Dobbs was freed on parole several months ago by former Gov-ernor Richard B. Russell Jr.

In granting the pardon, Governor Talmadge said he was acting on the recommendation of the Georgia board of pardons and paroles, a body of citizens and with the belief that Dobbs had led an exemplary life since his release last fall.

Crude Shotgun Shell 'Bomb' Sent to Roosevelt at Capital

WASHINGTON, Feb. 22.—(AP)—Armed with few clues, federal agencies tonight were tracking an unknown assassin who directed an explosive to President-elect Roosevelt here.

In the hands of the secret service and postal inspection service was a crudely made apparatus—dangerous if properly handled.

Addressed to "Franklin D. Roose-velt, Washington, D. C.," it was se-ized in the Washington postoffice as it was loosened from a sack of mail and burst its wrappings. It was post-marked at Watertown, N. Y.

The trail of the sender was sought there. The explosive consisted of a shot-gun shell, with wiring shaped as a "J" over the cap. Postal authorities estimated that it had "one chance in ten" of ever exploding, and then only by being dropped in a perpendicular position. Ordnance officers of the navy department, who usually are charged with destruction of such pack-ages after other agencies have ex-pleted their investigation, expressed doubt that fatal injuries could have resulted from an explosion of the shell. The most serious possible injuries to one improperly handling the pack-age, they said, would probably have been from the blinding effect of the

## New Labor Secretary Described As Woman of Charm, Attainment

By WALTER TRUMBULL.  
(Copyright, 1933, by the North American Newspaper Alliance, Inc.)  
NEW YORK, Feb. 22.—Frances Perkins, New York state industrial commissioner since 1929 and probable secretary of labor in the Roosevelt cabinet, who would be the first woman

ever to hold such a position in the United States, is slender, less than five and a half feet in height, and fine looking.  
She has brown hair, alert brown eyes, and a good nose, but the feature which perhaps most distinguishes her is a mobile and sensitive mouth. She

possessed of a strikingly strong and pleasing personality, Frances Perkins makes a vivid impression on all who meet her. A noted legal light once asserted she had the finest judicial mind he had ever encountered. Asked about Miss Perkins, an associate described her as one of the ablest persons, man or woman, of this generation.

Admired by Mrs. Roosevelt.  
One of her strongest supporters for the secretaryship of labor is said to be Mrs. Franklin D. Roosevelt. At any rate Mrs. Roosevelt is one of her firm admirers. She said of her today: "Frances Perkins is a charming and highly efficient person. She is one of the most remarkable women I know and one who brings to her work splendid training, knowledge and ability."

And it is true that Miss Perkins has a wide knowledge of things outside her own particular sphere. She knows medicine to thoroughly, for example, that it is said she can discuss intelligently cases with doctors.

Frances Perkins—her married name is Mrs. Paul Wilson—was born in Boston, April 10, 1882. Graduated from Mt. Holyoke College, she also attended the Universities of Pennsylvania and Columbia. She was an able student and her lectures of sociology proved her an able teacher.

Has Held Many Posts.  
Mr. and Mrs. Wilson live on upper Madison avenue in New York. They have a daughter, Suzanne, who is now in preparatory school and expects within a comparatively short time to enter Bryn Mawr.

Miss Perkins has held positions of trust almost too numerous to mention. She has been executive secretary of the Consumers' League, executive secretary of the committee on safety, director of investigations of the New York factory committee, executive director of the New York Council of Organizations for War Service, head of the state industrial commission, chairman of the council on immigrant education, director of the American Child Hygiene Association, the child labor committee, the Consumers' League, the Maternity Center Association, and a member of many other groups devoted to sociology, political science and health.

Among her clubs are the Cosmopolitan and the Woman's City Club, and she is the author of several books on labor problems.

She has an intense love for flowers and she knows all about them. Scarcely few things give her more pleasure than a discussion on the proper planting, arrangement and care of a garden. But her chief interest in etchings. She has a collection of etchings, but her chief interest always will be in the problems of humanity.

One thing which endears Frances Perkins to those associated with her is her unfailing kindness and courtesy. She has plenty of courage and can be more than firm when it is desirable or necessary, but no matter how busy she may be, she always appears to have time to be gracious.

In any position which she may attain, Frances Perkins' friends believe she will be a popular and an able executive.

## ANSELL ANSWERS CHARGES OF LONG

### Ex-Army Advocate May File Suit, He Indicates in Reply.

WASHINGTON, Feb. 22.—(P)—A coldly legal defense against vitriolic charges by Senator Huey P. Long, democrat, Louisiana, came to the senate today from Brigadier General Samuel T. Ansell, retired, with an indication the next round will come in the courts.

Coupled with these matters was an unsuccessful attempt on the part of Chairman Howell, republican, Nebraska, of the special campaign funds committee looking into the 1932 Louisiana democratic senatorial primary to get up for action a request for more money to continue the inquiry.

Ansell, counsel for the committee, made his reply to Long's accusations in a lengthy statement put into the Congressional Record by Senator Bailey, democrat, North Carolina, who explained the general was a constituent and native of North Carolina.

Long's charges included assertions that the attorney was "a crook and a liar" and that he had been in the army during the war.

Part of Reply Deleted.  
A paragraph on the bottom of the statement, in which Ansell said he soon would take advantage in the courts of Long's promise on the floor of the senate to retract his charges, was deleted out by Bailey before the statement went into the Record. He gave no explanation.

Opening his answer, Ansell said Long had "revived accusations conclusively proven to be false at the time they were uttered many years ago."

He explained Bergdoll's counsel had told him Bergdoll had money hidden in various places and wanted to leave prison under guard and get it, and was asked to present a matter to the war department, continuing: "Nothing to Do With Case."

"This I did in writing, stating that the representatives were those of reputable Philadelphia attorneys whom I believed, but beyond that I myself knew nothing."

"The war department granted the authority and, without conference with me and without my knowledge, itself prescribed the size of the military guard, selected the soldiers who comprised it and gave the soldiers all their orders. I knew nothing further about the matter and was never in the slightest touch with it."

As chief law officer of the army during the war, Ansell continued, he "incurred the enmity of certain high-ranking militarists and certain political and firebrand patriots by insisting that military power should never encroach on civil rights."

This enmity, he said, also was based on his efforts for revision of the articles of war, and for acting as counsel after the war for a house committee investigating military expenditures.

Ansell said 12 lawyers of national repute and the war department had subsequently reviewed the Bergdoll case and the committee's evidence and "completely exonerated me."

The senator (Long) made the statement that by forgery or by false representations I brought about the order that made me the acting judge advocate general of the army during the war. The absurdity of that statement leaves nothing to answer."

Howell's efforts to obtain consideration of a resolution for more money with which to continue the Louisiana investigation were blocked by objections from Senator Clark, democrat, Missouri, who did not explain them. The Nebraskaan notified his colleagues that Ansell had recommended the hearings in New Orleans which the committee has just ended, and added that "the senate of this committee is but partly done."

Long, who spoke for about half an hour today, devoted most of his comments to defending the gubernatorial record of himself and his successor, Governor O. K. Allen, which he said had resulted in good roads, good schools and lowered taxes "for the man" at the expense of corporations.

## GEORGE MAY HEAD HIGH SENATE BODY

### Only One Man Between Georgian and Chairmanship of Committee.

By GLADSTONE WILLIAMS.  
WASHINGTON, Feb. 22.—(Special.)—Senator Walter F. George, of Georgia, will move up at least two notches on the foreign relations committee and may even succeed to the chairmanship of that important body if cabinet posts are accepted by Senator Claude Swanson, of Virginia, and Senator Thomas J. Walsh, of Montana, as reported. Both of the latter senators are members of foreign relations and Senator Swanson would have been in line for the chairmanship had he remained in the chamber.

As the situation now stands in the face of the reported Swanson and Walsh cabinet acceptances, Senator Key Pittman, of Nevada, and Senator Joseph T. Robinson, of Arkansas, present minority leaders, will be the only two democratic members of the committee outranking the Georgian senator in seniority so far as the chairmanship is concerned.

Senator Pittman, of Nevada, is still an other democrat of higher rank, but his decision to take the chairmanship of the finance committee when reorganization of the chamber is effected eliminates him from consideration. He cannot hold both.

The same rule against holding two major offices will also tend to eliminate Senator Pittman, who will be the new majority leader, thus leaving the Nevada senator as the only barrier between Senator George and the chairmanship of what is regarded as the second most important body of the chamber.

Senator Pittman himself may have to make a choice between the chairmanship and the president pro tem of the senate, since he has been the party candidate in the past few years for the office, but he clarified the situation somewhat tonight by announcing that his preference was for the committee.

Under an old precedent established some years ago, holders of the chief organization offices in the senate, majority leader, assistant leader, whip and president pro tem, are precluded from taking the chairmanship of an active committee. As explained by Senator Pittman, however, the precedent is not binding and the matter will be decided by the democratic steering committee.

If called upon to make a choice, however, he said his preference would be the foreign relations post.

## Doctors Spend Night At Cermak's Bedside

MIAMI, Fla., Feb. 22.—(P)—(Thursday)—Two of Mayor Cermak's attending physicians elected to remain with him until after daylight on an hour's conference ending at midnight.

An official bulletin issued at 12:05 a. m. said the mayor, critically wounded when he was shot during the assassination of President-elect Roosevelt, had suffered early last night from a flare-up of intestinal symptoms that had distressed him for the past 36 hours.

"His condition is more hopeful now than it was several hours previous," the 12:05 a. m. bulletin stated.

Dr. W. Snyder and Dr. Frank Jirka, the latter the mayor's son-in-law and personal physician, were elected by their associates to remain with him until daylight today. Two others, the physicians said, will stay in his room tonight.

## Daladier Defeated On Arms Reduction

PARIS, Feb. 22.—(P)—Despite a plea by Premier Edouard Daladier, the senate tonight refused in principle the government's request for a large reduction in military expenditures. The vote was 170 to 133.

Playing a part in the action was a speech by former President Alexandre Millerand, who declared that the European situation made a strong national defense imperative.

The senate voted for merely nominal cuts, thus throwing the question back into the chamber of deputies, which recently voted for reductions aggregating \$20,000,000.

## In Legislative Halls

By BEN COOPER.  
The senate bill proposing reorganization of the state highway board by increasing the membership from three to a board of 10 members, one from each congressional district, Wednesday afternoon was referred by the senate highway committee to a subcommittee composed of Senators Knox, Jackson, Lewis, Lovett and Key. The committee board Senator Jackson speak for the bill, and urge election of board members by the people, Jackson said, however, that a substitute bill proposing appointment by the governor would be acceptable. The committee approved a bill by Lester, of the 18th, creating a state highway patrol of 75 officers and men under the state revenue commission.

Senate bills putting into effect the mortgage foreclosure moratorium proposed by Hugh Howell, chairman of the state democratic executive committee, have been re-drawn by a subcommittee of senate judiciary committee No. 1, and will be presented to the committee at 2:30 o'clock this afternoon, it was said Wednesday.

The bill creating a state boxing commission of three members, to be selected from war veterans, was approved Wednesday by the senate committee on halls and rooms. The bill was introduced by Senators Key, Morris of the 3th, Sims and others.

Speaker E. D. Rivers announced Wednesday that a general sales tax bill providing a levy of 5 per cent will be introduced today. The bill, he said, will bear his and other signatures. The house ways and means committee already has a 2 per cent bill, but a fight on the floor appears certain as a minority report of the 5 per cent bill is planned.

The house ways and means committee the idea that he is tied up with the highway department it will ruin him when he runs again."

## BOARD SLASHES ADAMS' BUDGET

Continued from First Page.  
asked an appropriation of \$75,000 for his office, but his request was reduced to \$50,000.

Another drastic cut made Wednesday night was in the comptroller general's office. In 1932 the comptroller general spent \$180,000, and the budget commission recommended \$130,000 for each of the years 1934 and 1935.

The committee, however, slashed this recommendation to \$100,000, with some members arguing that salary cuts in the department could help make up the difference.

The commission recommendation of \$50,000 for the forestry and geological department was allowed to stand, but the \$40,000 recommended for the entomology department was raised to \$50,000. Last year the entomology department spent \$60,000, while the forestry and geological department used \$80,000. The commission recommendation allocating 97 per cent of the allocated funds of the department of game and fish was accepted. The remaining 3 per cent is to be paid into the treasury for expenses of collecting the fees, and other items which make up the allocated funds.

All the figures given are for each of the years 1934 and 1935.

## FATE OF TAG BILL UP TO CONFEREES

Continued from First Page.  
recognize that he has a right to his opinion. The difference is that we are responsible for the legislation to maintain the functions of the various branches of the state government, and the governor is not. He was elected on a \$3 tag platform and we were not."

Senator Sisk, deluged with questions, attacked the system of operating the highway department, and spoke in favor of a senate bill reorganizing the highway board by creating a new board of 10 members, one from each congressional district.

Sisk charged that under the board's administration, "the department does not obey the law, but simply disregards it whenever the department is faced with the right to pass local legislation. It would have empowered the legislature to say how the home rule plan should become effective. It was a proposal has been defeated. The amendment proposal was a committee substitute for a bill by Stokes, of Telford. There were 105 votes for and 70 against the proposal, but the vote lacked the two-thirds required, or 137 votes.

A racing commission to supervise races and regulate betting was proposed in a bill offered by Rogers, of Wayne, and Crawford, of Union. The house passed, 147 to 27, a bill

will conduct an open hearing at 3:30 o'clock this afternoon on the proposal to levy a special tax on pipe and chewing tobacco. Chairman John Spray announced Wednesday.

Exactly at noon Wednesday Mrs. Helen Williams Coxon, representative from Long county, read a portion of the farewell address of George Washington to the Georgia house in memory of the first president of the United States.

The house adopted a resolution by Alexander, of Chatham, and Johnson, of Bartow, commemorating the birthday of Washington and honoring his memory. Mrs. Coxon was requested to read part of the address.

The resolution stated that reading of the address was appropriate, since, with the country "in this hour of depression, it is need and wise that his everlasting principles should be heard and borne in every American heart."

Speaker Rivers, of the house, Wednesday appointed a committee of five representatives to meet with three senators and investigate the recent letting of school bus contracts. This action was taken in accordance with a joint resolution adopted by the general assembly.

Mixon, of Irwin; Tipton, of Worth; Turner, of DeKalb; Kelley, of Elbert; and Black, of Forsyth, were the representatives named on the committee. The senate committee is composed of Pottle, of Albany; Key, of Monticello, and Tuten, of Alma.

Agricultural committee No. 1, at a meeting held Wednesday night, approved the Burton bill to abolish the bureau of markets and the fertilizer inspection division of the department of agriculture. Under the terms of the bill, the functions of these departments would be transferred to the State College of Agriculture at Athens.

The idea that he is tied up with the highway department it will ruin him when he runs again."

Tuten said that it is "talk of the streets and of the capitol that the senate opposing this legislation is composed of those who love the highway department and the junior United States senator, Mr. Russell, were the only representatives named on the committee. The senate committee is composed of Pottle, of Albany; Key, of Monticello, and Tuten, of Alma.

The tag bill was debated before a packed gallery, and President Hamilton McWhorter frequently had to call upon senate attaches to preserve order. The argument started after Senator Colson moved that the senate reject the house bill, and it waxed hot until the senate became entangled in a lengthy snarl over adjournment for the day. Adjournment was held off long enough for the senate, under a gag rule of five minutes for each speech, to complete its debate and act on the motion.

The five-minute debate rule was adopted on the motion of Senator W. H. Key, of Monticello.

The tag bill was originally passed by the house called for a scale of rates ranging from \$3 to \$15. The senate amended the house bill with rates ranging from a minimum of \$5.63 to \$15, and the house refused to accept the senate amendment, adding its own amendment providing for rates ranging from \$3 to \$15. The bill went into conference, and after several committees disagreed, the senate tabled the bill. It was taken from the table Tuesday.

Governor Talmadge Wednesday afternoon issued the following statement on the tag bill:

"I wish to commend the senate on their resolution extending the time to the first of April for the citizens of Georgia to buy automobile tags. 'Every citizen of this state should wait until the legislature adjourns to buy their automobile tags.'

"I hope that every automobile and truck owner in this state will have notice of this for them to defer buying their tags until after the legislative adjourns, as the matter is now being considered by the legislature. The house, in a long session, acted on a number of bills. The house defeated a proposal by Park, of Bibb; Allen, of Baldwin; Bennett, of Dougherty, which would have given counties 'home rule.' The bill was designed to take away from the legislature the right to pass local legislation. It would have empowered the legislature to say how the home rule plan should become effective. It was a proposal has been defeated. The amendment proposal was a committee substitute for a bill by Stokes, of Telford. There were 105 votes for and 70 against the proposal, but the vote lacked the two-thirds required, or 137 votes.

H. B. 641. By Rogers, of Wayne—To create a state racing commission. General judiciary No. 2.

H. B. 642. By Claxton, of Johnson—To amend charter of city of Wrightsville. Municipal government.

H. B. 643. By Eckford and Harfield, of Fulton—To amend charter of the city of Atlanta. Municipal government.

H. B. 644. By Fulton Delegation—To fix salaries of the mayor of Atlanta. Industrial relations.

H. B. 645. By Chappell, of Sumter—To add certain roads to the state highway system. Public highways No. 2.

H. B. 646. By Trapp, Delegation—To amend the state banking act. Banks and banking.

H. B. 647. By Rawlins, of Ben Hill—To provide the time of taking office of any person whose election to such office is contested.

H. B. 648. By Barton, of Franklin—To put state board of health under extension department of the State College of Agriculture. Agriculture No. 1.

H. B. 649. By Thrasher, of Oconee—To fix compensation of county school superintendents. Education No. 1.

H. B. 197. By Sims, 25th—Regulating sale of white wheat flour. Judiciary No. 2.

H. B. 198. By Jackson, 21st—Prohibiting collection of the so-called 'service charges' by manufacturers or distributors of electricity. Judiciary No. 2.

H. B. 199. By Lewis, 2d.

H. B. 200. By Lovett, 18th—Authorizing sale of beer, ale, porter and lager beer of three and two-thirds per cent alcohol by weight or four per cent by volume. Judiciary No. 2.

by Franklin and Ashley, of Lowndes, to authorize any city which may acquire and improve public property to issue bonds beyond the general limit now imposed by law, to be secured only by property and revenues of such utility. At present, the limit is 7 per cent of the assessed property valuation.

A bill requiring public utilities to submit to the Georgia public service commission tax returns, to be used for rate-making purposes, was passed, 127 to 42. The bill was sponsored by Epling of Clarke.

## BARGAIN HOURS

FOR LONG DISTANCE TELEPHONING ON STATION-TO-STATION CALLS

7:00 P.M. to 8:30 P.M. these calls cost about 15% less

8:30 P.M. to 4:30 A.M. these calls cost about 40% less

These are times of extraordinary values—but seldom do you enjoy greater values than those offered by Long Distance.

Rates for Long Distance calls are low. They have been reduced four times in recent years. During the evening and night hours, the rates for station-to-station calls—those on which you will talk with anyone who answers—are exceptionally low. Between 7:00 P.M. and 8:30 P.M. (evening period) the daytime station-to-station rates over 35 cents are reduced by 10 to 20 per cent. Between 8:30 P.M. and 4:30 A.M. (night period) these rates are again reduced, becoming about 40 per cent less than for daytime calls.

These bargain hours appeal to those whose use of Long Distance is largely personal or social. Many women keep in touch with out-of-town friends and relatives. Men, away on trips, telephone home each night. Mothers talk frequently with children away at school.

In addition to their regular daytime use of Long Distance, many business men take advantage of the bargain hours to transact important matters by telephone during the evening.

You can talk across the state or across the country as clearly as you can across the street. Telephoning between cities is quick...easy...inexpensive.

## Atlantan Is Slated For Federal Position

WASHINGTON, Feb. 22.—(AP)—Democratic congressional leaders at the capitol said today they understood that Harlee Branch, of Atlanta, Ga., would be one of the assistant post-

masters-general in the Roosevelt administration. Branch is the Washington correspondent of the Atlanta Journal, of which former Senator John S. Cohen, of Georgia, is publisher. He has been active in democratic affairs for many years.

During the recent campaign, he was attached to democratic national committee headquarters in New York. Branch is understood to have been selected for the fourth assistant post, which has supervision over buildings, equipment, supplies and motor vehicles.

Harold Van Metre said she will be able to leave the hospital in four or five days.

## Stronger than He Was at Twenty

FIFTY-FIVE years old, and still going strong!

Do you want the secret of such vitality? It isn't what you eat, or any tonic you take. It's something anyone can do—something you can start today and see results in a week! All you do is give your vital organs the right stimulant.

A famous doctor discovered the way to stimulate a sluggish system to new energy. It brings fresh vigor to every organ. Being a physician's prescription, it's quite harmless. Tell your druggist you want a bottle of Dr. Caldwell's syrup pepsin. Get the benefit of its fresh laxative herbs, active senna, and that pure pepsin. Get that lazy liver to work, those stagnant bowels into action. Get rid of waste matter that is slow

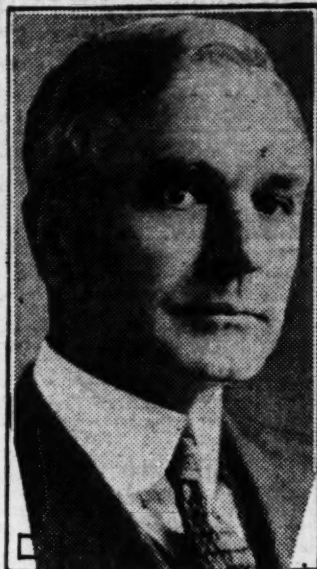

poison so long as it is permitted to remain in the system.

The new energy men and women feel before one bottle of Dr. Caldwell's syrup pepsin has been used up its proof of how much the system needs this help.

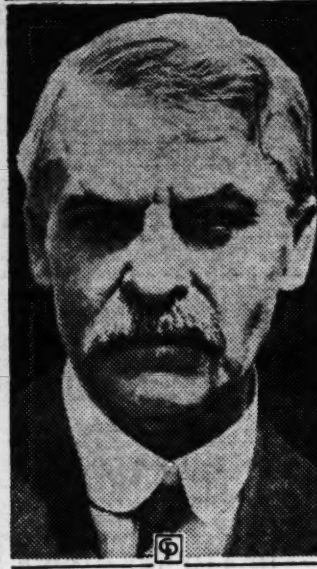

Get a bottle of this delicious syrup and let it end that constant worry about the condition of the bowels. Spare the children those bilious days that make them miserable. Save your household from the use of cathartics which lead to chronic constipation. And guard against auto-intoxication as you grow older.

Dr. Caldwell's syrup pepsin is such a well known preparation you can get it wherever drugs are sold and it isn't expensive.

## Capital Hears These Are Cabinet Certainties

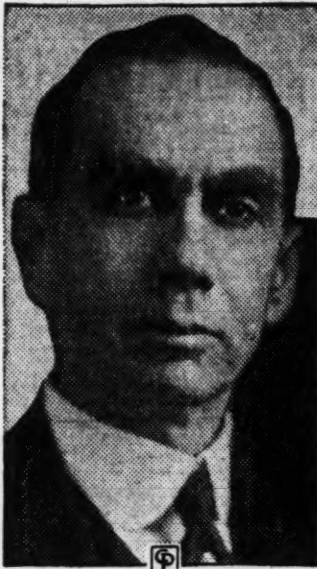

CORDELL HULL, Tennessee, Secretary of State.

THOMAS J. WALSH, Montana, Attorney-General.

WILLIAM H. WOODIN, New York, Secretary of the Treasury.

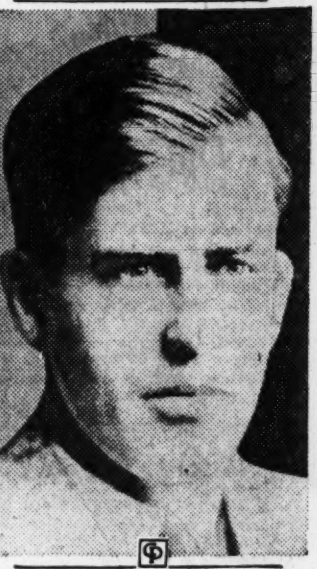

DANIEL C. ROOPER, South Carolina, Secretary of Commerce.

CLAUDE A. SWANSON, Virginia, Secretary of Navy.

GEORGE DORN, Utah, Secretary of War.

HENRY A. WALLACE, Iowa, Secretary of Agriculture.

FRANCES PERKINS, New York, Secretary of Labor.

JAMES A. FARLEY, New York, Postmaster General.

## Cabinet Personalities

By the Associated Press.

SECRETARY OF STATE.

CORDELL HULL, 61, United States senator from Tennessee, regarded for years as one of his party's soundest money men and statesmen. Schooled in law, he has been on Capitol Hill for 28 years. Firm in his belief that a revival of international trade hinges upon worldwide tariff reductions, the senator recently said: "The practice of the half-sinister policy of economic isolation during the past 10 years by America and the world under American leadership is the largest single underlying cause of the present American and world panic." Hull believes America's debtor nations, before seeking reconsideration of debts, should first consider tariff reduction.

SECRETARY OF TREASURY.

WILLIAM H. WOODIN, 64, head of the American Car Foundry and its subsidiaries, one of the nation's best known industrialists. He has been a close confidant of the president-elect for months, fitting himself to the task

of furthering a "sound money" program.

SECRETARY OF WAR.

GEORGE DORN, 60, governor of Utah from 1924 to 1932, refusing to seek a third term. An advocate of reclamation, a constant battler for irrigation projects, Dorn champions state ownership of natural resources, including mineral deposits.

ATTORNEY-GENERAL.

THOMAS J. WALSH, 73, United States senator from Montana, who has been identified with such independent republicans as Senator Hiram Johnson and the La Follette's of Wisconsin. Friends say he "sees eye to eye" with Roosevelt on the power question.

SECRETARY OF AGRICULTURE.

HENRY A. WALLACE, 44, an Iowa "dirt" farmer and editor. The son of Henry C. Wallace, secretary of agriculture in the Harding administration, he left the republican faith in 1928 to support Alfred E. Smith and early last year joined the Roosevelt followers. A champion of the domestic allotment plan, Wallace favors readjustment of war debts based

on influence in world affairs, to see that her navy is kept at all times equal to that of any other navy."

POSTMASTER-GENERAL.

JAMES A. FARLEY, 44, New York city businessman and chairman of the national and New York state democratic committees. He was generalissimo of the Roosevelt campaign, before, during and after the Chicago convention.

SECRETARY OF INTERIOR.

HAROLD L. ICKES (pronounced as "Ick-us"), 58, a Chicago attorney who has been identified with such independent republicans as Senator Hiram Johnson and the La Follette's of Wisconsin. Friends say he "sees eye to eye" with Roosevelt on the power question.

SECRETARY OF COMMERCE.

DANIEL C. ROOPER, 65, attorney for South Carolina who was active in the campaign and administration of Woodrow Wilson, holding the positions of assistant postmaster-general, vice chairman of the tariff commission and collector of internal revenue. He is firmly grounded in agriculture and in the textile industry. In his regime, the postoffice department was operated at a profit. Of late years, Roper has headed a law firm in the national capital.

SECRETARY OF LABOR.

FRANCES PERKINS, 49, New York state's commissioner of labor, a sociologist whose constant fight for betterment of labor conditions began years ago when the president-elect was a state senator and Alfred E. Smith an assemblyman. She secured their friendship and aid. Smith brought her into public life in 1919 and Roosevelt kept her there. In private life she is Mrs. Paul C. Wilson.

## JAPANESE THREAT IS SEEN BY VINSON

Georgian Urges Upbuilding of Navy To Maintain Nation's Power.

WASHINGTON, Feb. 22.—(AP)—The threat of increasing Japanese and decreasing American influence in the far east was described to the house today by Chairman Vinson, of the naval committee, as one reason congress should vote for a bigger navy.

Speaking on the naval supply bill allowing \$315,000,000 for the navy during the next fiscal year, the Georgia democrat said:

"The international situation today is far from reassuring. This is no time to scuttle the navy and jeopardize the safety of our country. Rather must we proceed to build up that navy to the relative strength provided by the Washington and London treaties."

"I wish hereby to give notice to the house that with the convening of the next congress, I propose to introduce a bill providing for the upbuilding of our navy and to use my utmost endeavor to have it enacted into law."

"Building . . . must be along gradual and progressive lines in order that the ships may be constructed with the greatest economy. With such a program, our navy can be built up with an expenditure, for new construction, of about \$50,000,000 per year, and that sum is the amount that is available for expenditure during this fiscal year."

Vinson said the navy should be subjected to stringent and necessary economies, but added that "if we are to remain a great power and a great force for good in this troubled world, we must have the will to do so, the will to provide a proper navy."

After saying that the army and navy together cost only 15.3 per cent of the total federal appropriations, he added:

"Why, gentlemen, the citizens of this country spend more each year upon perfume alone than is spent for the maintenance, upbuilding and operation of the navy."

He said that of a 5-3 treaty ratio with Japan this country has less than five-ninths of the number of undergar ships that Japan has. Comparing the "undergar" strength of the United States and Japanese fleets, he said the United States has 14 modern destroyers, Japan 72; the United States 19 cruisers, Japan 20; the United States three aircraft carriers, Japan four.

CABINET CHOSEN, ROOSEVELT TURNS TO OTHER PLACES

Continued from First Page.

the political division of the cabinet list, Woodin and Ickes in past years having been identified in republican causes and Wallace being a son of the secretary of agriculture in the Harding administration.

The Ickes selection especially was regarded as apt to please the independent republican faction which supported Roosevelt against Hoover. He has been allied with Senator Hiram Johnson, republican, California, and was described in interested quarters today as "seeing eye to eye with Roosevelt on power."

"Excellent" Choice. On a stop-off here en route to his home from New York, he visited with Senator Johnson but refused comment as to his selection. The senator said it would be "an excellent" one.

Sensors Hull, Walsh and Swanson received numerous congratulations through the day, although the latter two remain to be named officially.

Confined to his hotel room by a cold, Hull was anxious to get to his manifold tasks but decided not to resign as senator until ready to take over the new office March 4.

Walsh made arrangements for a short vacation before swinging into his duties as attorney-general before long. He and Swanson had yet to say whether they would resign.

Of the rampant speculation over their successors, it seemed certain here that former Governor Harry Byrd would get the senator's seat from Virginia.

SECRETARY STIMSON

WASHINGTON, Feb. 22.—(AP)—Secretary Stimson called on Senator Cordell Hull, incoming secretary of state, today, extended his congratulations and placed himself at the disposal of his successor.

The undersecretary of state, William R. Castle Jr., and assistant secretaries, Charles C. Egan and Joseph P. Kamp, also called on the incoming Secretary Hull of their willingness to do anything within their power to assist him in familiarizing himself with the department's work.

upon trade agreements to provide markets for farm products.

SECRETARY OF COMMERCE. DANIEL C. ROOPER, 65, attorney for South Carolina who was active in the campaign and administration of Woodrow Wilson, holding the positions of assistant postmaster-general, vice chairman of the tariff commission and collector of internal revenue. He is firmly grounded in agriculture and in the textile industry. In his regime, the postoffice department was operated at a profit. NEW YORK GOSSIP CENTERS ON THESE

NEW YORK, Feb. 22.—(UP)—Cabinet appointments and probabilities were listed today as follows:

Already Appointed. Secretary of state, Cordell Hull, of Tennessee.

Secretary of the treasury, William H. Woodin, New York.

Probable Appointments. Attorney-general, Thomas J. Walsh, Montana.

Secretary of the navy, Claude A. Swanson, Virginia.

Postmaster-general, James A. Farley, New York.

Secretary of agriculture, Henry Wallace, Iowa.

Prominently Mentioned. Secretary of commerce, Philip La Follette, Wisconsin.

Secretary of the interior, Samuel Bratton, New Mexico, or Bronson Cutting, New Mexico.

Secretary of war, undetermined, with Senger Sherry, Kentucky, a prominent candidate.

## Clouds, Probable Rain Forecast for Atlanta

Cloudy weather and probable rains accompanied by warmer temperatures comprise the weather outlook for Atlanta today, according to George Mindling, meteorologist.

Threatening weather and some rain were Atlanta's lot on George Washington's birthday, and the mercury climbed from a 44-degree minimum to about 58 degrees. Today the mercury will start from a low of 52 degrees and get up to 60 or above, Mr. Mindling said.

WOODIN'S RECORD RAPPED IN HOUSE BY G. O. P. MEMBER

WASHINGTON, Feb. 22.—(AP)—Representative Horr, republican, Washington, told the house today that William H. Woodin, President-elect Roosevelt's choice for secretary of the treasury, "has the same business record as Mellon" and said it would give Representative Patman, democrat, Texas, a chance to proceed with the impeachment charges he brought against the former secretary.

Woodin, Horr said, is connected with several of the country's largest corporations and besides "has interests in foreign countries."

Impeachment charges Patman brought against Andrew Mellon, former head of the treasury, were based to a considerable extent on Mellon's alleged connection with business interests. These impeachment charges were dropped after Mellon was appointed ambassador to Great Britain.

"This is a secretary of the treasury who has the same business record as Mellon," Horr said.

"It will be a wonderful opportunity to you, Mr. Patman."

## DR. S. A. V. CHRISTOPHINE DIES AT ATAPULGUS

BAINBRIDGE, Ga., Feb. 22.—Dr. S. A. V. Christophine, native of Atlanta, who for the past 34 years has been a prominent physician of this county, died at his home in Atapulgus today of a heart attack. He was 84 years old.

Dr. Christophine was graduated from the Atlanta Medical College (that later became the medical unit of Emory University). He is survived by his wife; one son, Frank Christophine, and one grandson. His body will be taken to Atlanta Thursday for interment in Oakland cemetery.

## TWO GEORGIANS DEAD FOLLOWING ARGUMENT

**Farmer Shoots Nephew Fatally and Then Commits Suicide.**

LINCOLN, Ga., Feb. 22.—(AP) H. W. Ulin, 38, was shot fatally near here today by J. H. Deason, 60, who later killed himself by sending a shotgun charge through his head.

Deputy Sheriff W. A. Hammond tonight said there were several witnesses to both shootings and no inquest would be held.

Hammond said Deason had been ill for about a month. He went to Partridge's store, near here, this morning, the deputy said, and after an argument with Ulin, a nephew by marriage, shot the younger man with a pistol. Ulin died later in a nearby house.

After the shooting, Hammond said, Deason returned to his home nearby, obtained a shotgun and started back toward the store. As witnesses to the first shooting approached, he placed the gun against his head and fired.

Both Deason and Ulin lived near the scene and both were farmers. Ulin formerly was cashier of the Bank of Lincoln.

Deason is survived by his wife, who underwent an operation three days ago, and five children, Julian and Murray Deason and the Misses Elizabeth, Alma and Lilly Deason.

Ulin is survived by his wife and a two-year-old son, H. W. Ulin Jr.

## GRANTVILLE NEGRESS FOUND SLAIN IN HOME

GRANTVILLE, Ga., Feb. 22.—Minnie Lou Pew, colored, was found dead in her home where she lived alone by neighbors this morning.

Coroner Owens, of Newnan, and Sheriff Banks were summoned. The one-room house where she lived was the scene of a terrible fight, furniture and bedding was strewn everywhere and blood was spattered upon the bed and walls.

The coroner's jury returned a verdict of death from a skull fracture caused by a blow from some heavy instrument in the hands of parties unknown.

## Horse Pershing Rode in France Killed at Benning as Mercy Act

FORT BENNING, Ga., Feb. 22.—(AP)—Mr. Downing, World War veteran, companion of General Pershing and other military leaders during his long career in the army, is dead.

Mr. Downing was only ten years old when he joined the American expeditionary forces in France. But ten years is the prime of life for a horse and as Mr. Downing was an aristocrat among horses, with a sleek bay coat and high intelligence, he was at once assigned to general headquarters.

There he caught the eye of General Pershing, who rode Mr. Downing as his private mount. After the Armistice he went with the army of

occupation to Germany, where he answered the commands of General Henry T. Allen.

Back at Fort Riley, Kansas, after the war, Mr. Downing became an outstanding performer in cavalry maneuvers and was a contender for the American Olympic team of 1920.

He was transferred to Fort Benning in 1923, where he became the personal mount of Major General Campbell King, the commandant.

The years took their toll and Mr. Downing's health failed. Recently he became blind.

An army inspector was called in to determine what disposition was to be made of him and a coup de grace ended his sufferings.

## 'MAD GENIUS' STAGED BY GROUP AT G. S. C. W.

MILLEDGEVILLE, Ga., Feb. 21.—The celebration of the state bicentennial at the Georgia State College for Women was portrayed before a large audience in a four-act dramatic presentation in the college auditorium Monday night by the History Club and a representative from every county in the state.

The performance, entitled "The Mad Genius," was written and directed by Dr. Amanda Johnson, head of the history department at G. S. C. W.

The theme of the drama which was woven throughout the pageant centered around the life of the mad genius, through his talents, was able to recall the history of Georgia to his audience in a colorful and entertaining manner.

**FARMERS WOULD SAVE  
DISCONTINUED ROAD**

STATESBORO, Ga., Feb. 22.—(AP) Farmers along the line of the Savannah and Statesboro railway held a meeting in the Bulloch county courthouse here this afternoon which resulted in the belief that the road will be operated again.

With a crowded courtroom of those interested in the continuation of the 30-mile line railroad from Statesboro to Cuyler the meeting started about 3

## BICENTENNIAL GROUP FORMED AT COLUMBUS

COLUMBUS, Ga., Feb. 22.—(AP)—Representatives of more than a score of civic and patriotic organizations met here Tuesday night and formulated a Chattahoochee Valley Bicentennial Association. They called a meeting to lay plans for a comprehensive program of observance festivities to which the entire Chattahoochee valley in particular will be invited.

Nelson M. Ship, editor of the Columbus Ledger, was elected president and the vice presidents selected were Karl Thompson, president of the Kiwanis Club; Mrs. H. Fay Gaffney, vice chairman of the state bicentennial committee of American Legion auxiliary; Mrs. Evelyn McGehee, president of the Columbus Federation of Women's Clubs; and Miss Adelle Frazer, president of the Pilots Club.

W. E. Joy, past president of the Kiwanis Club, is treasurer, and the secretary of the local Chamber of Commerce is to serve as secretary of the association.

The week of May 10 was set aside as bicentennial week. Among the events to be presented at that time will be a historic pageant by the public schools; a cotton show, to include a fashion show and industrial exhibits, and other features.

o'clock. Both Bulloch and Bryan counties were represented and every community along the road had a delegation present.

## ARMY PONTOON TESTS AT FT. BENNING FRIDAY

**Major General Lytle Brown  
To Witness River Crossing  
Demonstration.**

FORT BENNING, Ga., Feb. 22.—(AP)—Experiments with pontoon material and other engineering problems will be observed by Major General Lytle Brown, chief of engineers of the army when he reaches this infantry school post Friday.

A river crossing demonstration will be given with experimental material by Company M, of the first engineers, stationed here. The experiments have been in progress since October.

While at Benning, General Brown will be a guest of the Columbus Chamber of Commerce at its annual dinner.

General Brown was a member of the war department general staff in 1918 and it was his recommendation which resulted in the department's acquiring the lands for the military reservation. Ten years later he came here as a student of the infantry school and was graduated from the refresher class in the latter part of 1928.

**HEBREW CONFERENCE  
AT MACON ON SUNDAY**

MACON, Ga., Feb. 22.—(AP)—The Georgia Association of Synagogue and School Extension of the Union of American Hebrew Congregations will meet here Sunday for a discussion of religious matters and the election of officers.

Morton H. Levy, of Savannah, state chairman of the conference, will preside. The program will be largely in the nature of a forum discussion.

**YOUTHS FACE TRIAL  
ON ASSAULT CHARGE**

LAGRANGE, Ga., Feb. 22.—Accused of attacking a young LaGrange widow, two LaGrange youths, Frank Upchurch and Scott Cook, are facing trial in Meriwether superior court this week on charges of assault. The case is being tried in the Meriwether courts as the crime is alleged to have been committed just across the Meriwether line.

## West Point Chinaman Held as Dope Seller

WEST POINT, Feb. 22.—(AP) Loo Wing, for 23 years operator of the Chinese laundry at West Point, was arrested Monday evening and taken to Newnan by F. D. Pressley, United States deputy marshal, on charges of selling whisky and selling dope.

According to Chief J. B. Hammett, of the West Point police, Marshal Pressley has been working on the case for about five months. The criminal trial was held at Newnan Tuesday before Judge Brown. United States commissioner, Bond, was assessed at \$1,000. When Chief Hammett left Newnan bond had not been made and Loo Wing had been returned to jail to await trial in March before Judge Underwood at Atlanta.

Loo Wing was tried on the charge of selling whisky before the West Point mayor a few days ago. The fine of \$25 was assessed and collected.

## 132D ANNIVERSARY OF LITERARY SOCIETY

ATHENS, Ga., Feb. 22.—The one hundred and thirty-second anniversary of the founding of the Demosthenian Literary Society at the University of Georgia was celebrated by members of the society at a banquet at the Georgia hotel in Athens, Tuesday night.

Dr. S. V. Sanford, president of the University, Dr. L. Henderson, dean of the university; Thomas W. Reed, registrar of the university; George G. Connelley, professor of public law; E. L. Seeger, general secretary of the Voluntary Religious Association, at the university; John S. Lewis, instructor of English; and John D. Davidson, editor of the Wesleyan foundation of the First Methodist church of Athens, were honor guests.

James Alton Richardson, a member of the junior class, was toastmaster. McCarthy Crumshaw, president of the International Relations Club; Charles Reynolds, editor of the Red and Black university newspaper; William T. Maddox, president of the Phi Kappa Literary Society; Tom C. Davidson, campus leader; and Marion Gaston, president of the "X" Club and the Y. M. C. A., extended greetings from their organizations.

**THOMASVILLE TO PAY  
\$30,000 IN CITY SCRIP**

THOMASVILLE, Ga., Feb. 22.—The Thomasville city council at its meeting Monday night voted to issue scrip, the proposition having been under consideration for some time. The first scrip will be placed in circulation next Monday and a special committee from council has been appointed to outline the regulations under which it will be issued.

It is surmised that the start will be made in a partial payment of salaries to city employees. The scrip is to be self-liquidating through the annexation of two-cent stamps by every person accepting the scrip in exchange for merchandise or in payment of debts. Fifty-two transactions will liquidate the scrip, which will be in \$1 denominations.

It is the plan of the city council that for every dollar of scrip issued by the city there will be deposited with the treasurer of the city of Thomasville one dollar in currency to be held in reserve as conditions might dictate. The original scrip order is for \$30,000.

## ATHENS-MACON PAVING COMPLETION SOUGHT

VALDOSTA, Ga., Feb. 22.—A group of representative businessmen met this afternoon at the Chamber of Commerce with John L. Morris, secretary of the Macon Chamber of Commerce, and Ben T. Watkins, chief of police of Macon, pledging to the visitors hearty support in the effort to induce the state highway board to carry out a "gentleman's agreement" nearly two years old to pave the remaining short strips in the highway between Athens and Macon.

**Georgia News  
Told in Brief**

**Church House Robbed.**  
MACON, Ga., Feb. 22.—(AP)—Burglars robbed the steel vault of Christ Episcopal church parish house some time last night took \$40 in cash, disturbed church records, but left a barrel filled with quart bottles of wine used for communion services unmolested, police reported today.

**New Bus Line.**  
FITZGERALD, Ga., Feb. 22.—A new bus line out of this city began operation Tuesday under the management of Wade Wright and O. L. Downing, former city street commissioner. The new line is routed through Ocilla, Alapaha, Nashville, Ray City and Barrets, connecting with buses at Valdosta for Jacksonville and St. Petersburg.

**Stolen Autos Recovered.**  
LAGRANGE, Ga., Feb. 22.—Chief Oscar Horn received notice Monday afternoon that an automobile belonging to V. P. Cherry, Opelika counsellor, had been stolen. The LaGrange official advised the Opelika chief that the automobile and two young men who admitted taking it had been in the custody of the LaGrange police for several hours before the notice was received. The two boys had abandoned the car in LaGrange and were picked up by Chief Horn earlier in the day. LaGrange police also retrieved the car of Mrs. Eugene Dunaway Tuesday morning after it had been stolen from a garage.

## State Deaths And Funerals

**JOSEPH H. WILSON.**  
MACON, Ga., Feb. 22.—Joseph H. Wilson, of Montgomery, Ala., died here today. He was visiting in the home of his son, Felix T. Wilson.

**MRS. G. M. ULM.**  
RENO, Ga., Feb. 22.—Mrs. G. M. Ulm, 73, died at her home here Sunday evening. She was a native of Marion county, Georgia. She married C. H. Ulm in 1880 and in 1910 they came to Grady county, where they have resided since.

Funeral services were held at Bethel Methodist church Monday afternoon, where Mrs. Ulm had her membership. Rev. W. H. W. Rich, officiated, assisted by Rev. J. W. Rich.

She is survived by her husband; four sons, W. H. Ulm, Gaines, Lewis and R. H. Ulm, St. Petersburg, Fla.; L. H. Ulm, Bishop; four daughters, Mrs. T. W. Johnson, Belvidere; Mrs. Joe Crum and Mrs. D. Montgomery, Tifton; Mrs. C. J. Rabb, Reno; 45 grandchildren and four great-grandchildren.

## TWO SHOT IN ATTEMPT TO FORCE CABIN ENTRY

MILLEN, Ga., Feb. 22.—(AP)—Four men seeking shelter from cold and rain after their automobile went into a ditch forced their way into a negro cabin, officers said, resulting in the probable fatal wounding of one of the four and less serious gunshot wounds to another. Crosby Young was taken to a Savannah hospital, probably fatally wounded. Robert Kent is in jail here suffering gunshot wounds.

Sheriff Johnson said Kent, Young, Carl Wiggins and an unidentified man went to the cabin of the negro woman Monday night and forced their way in after being refused admittance. The woman, frightened, shot and wounded Kent in the leg. Zack Cowart, farmer, hearing the disturbance on his property went to investigate. The sheriff said Cowart related he shot Young after the latter threatened him. Cowart surrendered. Yesterday he had warrants issued against Young and Kent charging malicious mischief.

Kent is a local resident, while Young is a Savannah man, connected with a construction concern engaged in road work near Millen.

## NEW EDUCATION PLAN OFFERED BY HUTCHINS

ATHENS, Ga., Feb. 22.—A new system of education, making the university an institution for promoting scholarly and professional work and placing higher learning on a new plane of achievement, was advocated by President Robert L. Hutchins, 33-year-old head of the University of Chicago, in a Washington Day address in the University of Georgia chapel Wednesday morning.

The new plan would require six years in primary school, either three or four years in a secondary institution, and three years devoted to scholarly and professional work. Examinations as now given would be abolished and there would be no compulsory classes.

"My new plan would confirm the axiom in which I have great faith that no man is irrefutable," President Hutchins said. "The new system would be comparable to that now in use in France and other European countries."

**RURAL MAIL CARRIERS  
ORGANIZE NEW GROUP**

MACON, Ga., Feb. 22.—(AP)—Organization of the new Six District Rural Letter Carriers' Association was completed here today with election of officers to serve until the next meeting, on May 30, and selection of Milledgeville as the place for that meeting.

The new district will become effective March 4.

T. H. Jenkins, Wrightsville, was elected president; C. F. Hall, Sandersville, vice president; E. Carl Crawford, Macon, secretary.

The group went on record as opposed to the congress-proposed 5 percent reduction in postal appropriations, and against any bill "discriminating against rural carriers."

The new association comprises the counties of Baldwin, Bibb, Bleckley, Crawford, Glascock, Hancock, Johnson, Jasper, Jefferson, Jones, Laurens, Monroe, Putnam, Twiggs, Washington, Wilkinson.

**Boy Coughs Up Tack**  
COLQUITT, Ga., Feb. 22.—(AP) Joe M. Sheffield, 12-year-old boy of Miller county, is recovering, physicians say, after coughing up a tack which members of his family said had been in his lungs nearly two years.

The doctors said they tried to remove it soon after it was accidentally swallowed on August 10, 1931, but found it had passed through the bronchial tube and lodged in the lungs, they declared.

## WASHINGTON OFFICE EXPENSIVE TO FILL

TENNESSEE, Ga., Feb. 22.—One little office in Washington county is likely to cost the successful candidate as much as he will receive in payment for his services.

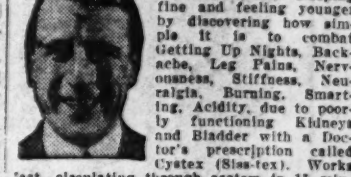

At the regular election for justice of the peace in the Riddleville district, R. J. Page, incumbent, and George L. Pate tied, each receiving 81 votes. Another election was held and only 59 votes were polled for Page, while his opponent received 66.

A request for a contest has been filed by Page, as it is claimed that 17 voters, whose names were on the registration list, were not allowed to vote on the grounds that they lived just outside the district lines. Page states that these citizens were permitted to vote a majority would have cast their ballots for him, so he is calling for a contest.

## Agnes Scott Marks Founder's Day With Colorful Pageant and Dance

Founder's Day at Agnes Scott was celebrated Wednesday night in the gymnasium with an elaborate dinner-dance in honor of George Washington Scott, who was instrumental in the founding of the college in 1880. The institution was founded 44 years ago as the Decatur Female Institute.

The senior class, of which Miss Lucile Heath, of Augusta, is president, was in charge of the only event, which did honor not only to the birthday of George Washington Scott but also to the birthday of one who was founder of a larger institution—George Washington himself.

Members of the senior class wore colorful costumes representing famous figures in early American history. Miss Julia Bethel, of Louisville, Ga., represented George Washington; Miss Margaret Ridley, of Decatur, Martha Washington; Miss Lucile Heath, of Augusta, Ga., was Thomas Jefferson; Miss Field Shackelford, of Richmond, Ky., Benjamin Franklin; Miss Margaret Belote, of Atlanta, came as Lafayette; Miss Mildred Miller, of Shelbyville, Ky., as Betsy Ross; Miss Betsy Thompson, of Madison, Ga., as Patrick Henry, and Miss Helen Etheridge, of Idabel, Okla., as Daniel Boone.

Among those present at the entertainment were Dr. and Mrs. J. R. McCain, Miss Nannette Hopkins, members of the faculty and administration, boarding students and senior day students, and members of the Agnes Scott alumnae of Atlanta and Decatur.

Following toasts made by representatives of our famous ancestors, six couples of seniors danced the minuet as courtly gentlemen and ladies of colonial times. The dancers included Misses Page Ackerman, of Santa Monica, Cal.; Julia Finley, of North Wilkesboro, N. C.; Margaret Loran, of Birmingham, Ala.; Louise Wesley, of Atlanta; Martha Singler, of Meridian, Miss.; Marie Whittle, of Brunswick, Ga.; Betty Fleming, of Atlanta; Mildred Hooton, of Greenwood, S. C.; Louella Dearing, of Jacksonville, Fla.; Nancy Kamper, of Atlanta; Blanche Lindsey, of Roanoke, Va.; and Lucile Woodbury, of Birmingham, Ala.

A dance sponsored by the Coillion Club followed the dinner.

**BODIES OF 2 YOUTHS FOUND OFF SAVANNAH**

SAVANNAH, Ga., Feb. 22.—(AP)—A 17-day search for the bodies of the four men who drowned in the capsizing of a small yacht in Wassaw sound on February 5, was ended today with the finding of the bodies of Danile Bythewood Hodges and J. Quincy Hodges III, brothers.

The bodies of the others, T. M. Hazlehurst Jr., and Thaddeus Johnson, were found several days ago.

Searchers with grappling irons recovered the body of Danile Bythewood Hodges, and an airplane party sighted the body of his brother, floating in the sound about two miles away. Boats were attracted to the scene by the plane.

Funeral services for the brothers will be held today with three ministers to officiate.

**WHEN YOUR STOMACH RUNS AN HOUR SLOW**

Most "indigestion" has been found imaginary! The pains and gas and all that misery are real, of course. But nine times in ten they are symptoms only of slow stomach.

Did you know you can regulate your stomach to empty in six hours, or as it should? That this is as easy as moving the bowels?

One box of **Pape's Diapiesin** will test your stomach and correct your digestion time in a couple of days—at a cost of twenty-five cents!

Each tablet of diapiesin saves the stomach half an hour's labor.

Pape's Diapiesin is good for you, because it stimulates the gastric flow. Use it freely until the stomach is working right without any help. When it slows down, take diapiesin again for a day or two. This helps coffee drinkers and hard smokers, too.

Surviving are his wife, the former Miss Callie Jackson, daughter of Captain Harry Jackson, and four children: Aquilla J. Orme Jr., Mrs. William Healey Jr., Mrs. Oliver Healey and Mrs. William Huger. He was a first cousin of Eugene R. Black, Charles H. Black, Charles H. Cox, Charles E. Harman, all of Atlanta, and Judge William Harman Black, of New York. Judge Shepard Bryan and Marion M. Jackson were brothers-in-law.

**INQUIRY REQUESTED IN CIGARETTE PRICE CUT**

WASHINGTON, Feb. 22.—(AP)—A federal trade commission investigation of four tobacco companies which recently reduced the price of their cigarettes at the same time was proposed in a resolution introduced today by Representative Celler, democrat, New York.

The companies he named were the American Tobacco, the P. Lorillard, the R. J. Reynolds Tobacco and the Liggett & Myers Tobacco companies. These, his resolution said, reduced the price of their cigarettes from \$6.85 to \$5.50 a thousand "solely for the purpose of ruining certain independent manufacturers of so-called 10-cent brands of cigarettes."

**VOTE BY POPULATION IS SOUGHT ON REPEAL**

Representative John Beasley, of Tattam county, author of the resolution providing for a special constitutional convention to act on repeal of national prohibition, said Wednesday that he would the permission to amend his resolution in order that a more direct vote of the people could be obtained.

Mr. Beasley said that he would present an amendment which would give each county one vote for every 10,000 population instead of giving each county as many votes as they have representatives in the house.

The resolution now is with the house temperance committee, where action has been delayed pending decision of congress on whether or not the conventions will be called by congress or by the various state legislatures.

**Nance Is Re-elected Atlanta Labor Head**

A. Steve Nance was re-elected president of the Atlanta Federation of Trades for the fifth consecutive time at a meeting held at the Labor Temple Wednesday night.

For the ninth time, George F. Haney was re-elected secretary. J. Sid Tiller, J. A. Harper and T. L. Elder were elected vice presidents, and William Van Houten chosen treasurer.

W. D. Langley was named as the federation's delegate to the annual convention of the American Federation of Labor.

Six of Kipling's "Just So Songs" will be sung by Dorothy Gordon in the music period of the American School of the Air over the WGST-Columbia network from 1:30 to 2 p. m. today. The songs are "The Cat in the Hat," "The Elephant and the Pigeon," "The Kangaroo and the Dingo," "The Monkey and the Lion," "The Tiger and the Fox," and "The Wolf and the Lamb."

Andre Kostelanetz, on the Pontiac program, broadcast over the WGST-Columbia network tonight at 8:30, will open by request Handy's "St. Louis Blues," Willie H. O'Neal, tenor, will sing "Thrill Me" and "Just Like Your Shadow," and Jeanette Lang will "squeak," "Hey, Young Fellow."

Ruth Etting will turn to the bitter-sweet side of romance in her repertoire with Leonard Hayton's orchestra at 8 tonight on the WGST-Columbia network. She will offer "That's All That Matters to Me," "Baby, Where Can You Be?" and "Remember Me." Hayton will conduct a special presentation of "A Tree Was a Tree."

The midday melodies of Columbia's two red-heads, Peggy Keenan and Sandra Phillips, will be heard when "Piano Pictures" is broadcast over the WGST-Columbia network at 10:45 a. m. to 11 a. m. today. Their offerings will include "Polichinelle," with "Pagliacci" interpolations, "The World Is Waiting for the Sunrise," and two interesting medleys.

Lighter concert selections and salon music will be presented by Howard Barlow, conducting the Columbia Symphony orchestra in a broadcast over WGST and the Columbia network from 10 to 10:30 p. m. tonight. Barlow will open the inaugural program with the tuncful overture to "Le Caid" by Thomas. The charming phrases of Kreisler's "Tambourin Chinois" will follow, and the group of waltzes from Lehar's "Count of Luxembourg" will complete the first half of the presentation. Spanish, Russian and oriental melodies will comprise the concluding half of the broadcast.

## OLD CUSTOM BROKEN BY DEEN, OF GEORGIA

WASHINGTON, Feb. 22.—Representative-elect Braswell Deen, who will succeed to the seat now held by Representative William C. Lankford, of Douglas, in the 73d congress, shattered precedent today when he announced his indorsement of prospective postmasters in the eighth Georgia district.

Mr. Deen, who is here preliminary to the inauguration, issued a formal statement in which he recommended appointees for some 15 postmaster-ships in his congressional district providing their "nominations are made subject to federal requirements such as examination, confirmation, etc."

Mr. Deen broke precedent in that it has been customary for representatives-elect to wait until they have been seated before they formally announce their choice of candidates for office.

His recommendations follow: Mrs. G. A. Dunford for reappointment at Helena, her term expiring March 2, 1933; J. G. Gruber, at Alma; A. D. Finley as acting postmaster at Hialeah, in place of J. H. Boone, whose term expired January 9, 1933; Oliver Deen, acting postmaster of Douglas, in place of A. W. Haddock, whose term expired May 26, 1932; L. R. Tucker at Ocella in place of Ralph Johnson, whose term expired December 20, 1930.

Charles D. Bruce at Sea Island; Henry B. Parramore, Valdosta; Dr. O. A. Johnson, acting postmaster at Waycross; Lewis L. Wolfe, acting postmaster at Brunswick; L. P. Granger, acting postmaster at Blackshear in place of Lonnie Sweat, whose term expires February 28, this year; U. L. Cox, acting postmaster at Baxley, in place of W. F. Boone, whose term expires February 27, 1933.

Concerning other postoffices in his district, Mr. Deen said that he had no statement to make at the present time.

**Wisconsin Milk Strike Is Halted by Truce**

MILWAUKEE, Wis., Feb. 22.—(AP) Intervention of Governor A. G. Schmedeman today brought a truce until May 1 in the turbulent milk strike, which for a week caused disorders in a dozen eastern Wisconsin counties.

Walter M. Sigler, 38-year-old Shiocton farmer, president of the Wisconsin Co-operative Milk Pool, which sponsored the strike, issued orders to pool leaders to clear highways of barricades and to resume normal marketing of milk.

Earlier in the day 83 milk strike pickets were arrested at Mayville and 200 farmers who assaulted the Milwaukee Electric Company station at Waukesha were repulsed in connection with the milk pool's effort to boost the price of milk to producers.

## COMMITTEE BACKS SILVER EXPANSION

### Senate Coinage Group To Demand House Action Before March 4.

WASHINGTON, Feb. 22.—(AP)—The coinage committee voted today to demand house action before March 4 on legislation that would tap the world's silver supply for \$250,000,000 in new money.

It approved by a 9-to-1 vote the silver coinage bill it reported yesterday 8 to 3 and instructed Chairman Somers to make every effort to place the measure before the house between now and the end of the present session.

Somers said he was "even more confident of the prospective success of the bill in the senate than in the house." He planned to ask the rules committee chairman tomorrow to let his bill have legislative preference.

The bill the New York democrat and his committee back would, in five years, add \$250,000,000 in silver certificates already circulating. That would be accomplished in this way:

The treasury would be authorized to buy in five years not more than \$250,000,000 worth of silver bullion. Part of this bullion would be coined into silver dollars and the balance into silver certificates.

The rest of the bullion would be held as a reserve in the treasury.

The silver purchases would be limited to 40,000,000 ounces a month and at prices gradually increasing from 40 to 75 cents. At present, silver brings a little more than 25 cents an ounce on the market.

The new silver certificates, and those already outstanding, would be made legal tender and all eventually would be redeemable in gold, as are the present dollar bills.

## Stomach Ulcers

Caused by Hyperacidity

### 3-Day Relief—No Operation

No need to suffer with ulcers due to hyperacidity, distress after eating, stomach pain, gas, sour stomach, indigestion or constipation. Vog's Tablets and Nature's healing power. ## Bronchial Troubles

### Need Creomulsion

Bronchial troubles may lead to something serious. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter how long standing, is not relieved after taking according to directions. Ask your druggist. (Adv.)

## 6-Point 'Recovery' Program Outlined by C. of C. Leader

Figures at the speakers' table at the Chamber of Commerce luncheon on the Ansley roof Wednesday. Seated, left to right, Henry L. Harriman, president of the Chamber of Commerce of the United States, and Herbert E. Choate, president of the Atlanta Chamber of Commerce; standing, Ronald Ransom, vice president of the Fulton National Bank, and Junius P. Fishburn, Roanoke, vice president of the national chamber. Staff photo by George Cornett.

A six-point plan for the rehabilitation of business was outlined Wednesday by Henry L. Harriman, Boston businessman and president of the Chamber of Commerce of the United States, in an address at the Forum luncheon given by the Atlanta Chamber of Commerce on the Ansley roof.

These six points advocated were: balancing of all government budgets, national and local; the unshackling of business by amending the Sherman anti-trust act so as to permit, with restrictions, certain combinations of business; the restoration of agriculture through some system of allotment; not, however, the same plan embodied in the allotment bill; the extension of and perfection of the banking system; shorter hours of labor, and an equitable adjustment of foreign debts so that barriers to commerce could be removed.

Taking as his subject, "The Changing Business World," Mr. Harriman began by lauding Atlanta as a point of communication and as a city which had produced men like Joel Chandler Harris, Henry W. Grady and General John B. Gordon.

"The impression used to be that financial panics, like plagues, were inevitable," Mr. Harriman continued. "But in time, science eliminated plagues and epidemics of disease. Possibly in time we may be able to forestall depressions in business."

He pointed out that the present depression had unusual qualities, and that definite action would be necessary if the country emerged from it. He called attention especially to the fact that, whereas in 1837 90 per cent of the population lived on farms, and was able to stand these depres-

sions better, now only 30 per cent are on the farms.

"The great problem now is to restore commodity prices to their 1922 level and give employment," Mr. Harriman added. He then outlined his six-point plan.

"I favor some sort of incentive to be given to farmers to reduce their crops," he continued. "I am not in favor of the present allotment bill in congress, although something of that kind could be worked out. Senator George, of your state, offered a good suggestion. It was to give to cotton growers the cotton now held by the farm board in return for their agreement to reduce this year's crop."

He then gave a detailed explanation of the other features of the six-point plan.

Preston S. Arkwright, president of the Georgia Power Company, in thanking Mr. Harriman for his speech, blamed business for its lack of coordination in handling these problems.

"Instead of working together—instead of developing a gang spirit—we each work for our own little enterprise, and when we get in trouble we run to the government for help," he said.

Ronald Ransom, vice president of the Fulton National bank, introduced Mr. Harriman, and Herbert E. Choate, president of the Atlanta chamber, presided. Present as guests were Leland Hume, of Nashville, a director of the national chamber; Junius P. Fishburn, president of the southeastern district, and L. P. Dickie, Atlanta manager of the southeastern district.

## All Aboard for Washington; Watch for Details Friday

All aboard, Gainesville, Greenville, Charlotte, Greensboro, Washington, all aboard. That's the familiar cry two fortunate Atlantans will hear next Thursday when they board the "inauguration special" as the guests of The Atlanta Constitution, in cooperation with leading Atlanta merchants.

Full details of the contest to determine the winner, will be given in The Constitution tomorrow morning. This will be a contest in which every member of the family can participate, and it will be open to every reader of The Constitution, except employees of the newspaper and their families.

The winner will be announced in Tuesday's Constitution, and then comes the free trip to Washington with any person the winner may wish to invite as a guest, and all expenses paid for both.

The winner of the contest and his or her guest will leave Atlanta Thursday and return Tuesday. Now here are a few hints to those who will be able to make the trip. Get a sharp pair of scissors. Next get some mullage or good paste. Make your plans.

## B. Y. P. U. SPEAKERS TO COMPETE TONIGHT

Speakers representing 70 Baptist churches of Atlanta will compete in eight district "Better Speakers" contests over the city tonight to determine the district winners. The contests are being conducted as a part of the state competitions which began in January in the individual churches. The Atlanta winner will be determined in March and will compete with other association winners in the state contests.

Seven-minute talks on the subject, "How My B. Y. P. U. Can Promote the Program of Christ," will be given in each of the eight district meetings and judges will select the best speaker. Members of senior and adult unions, general organization officers, association officers and members of college unions are eligible.

The contest is a part of the state B. Y. P. U. activities and the state winner will be determined at the state B. Y. P. U. convention and encampment which will be held at the First church, Rome, and Shorter College June 8 and 9.

A \$50 scholarship to the Atlanta School of Oratory and Expression, given through the courtesy of Dr. James F. Watson, president, will be awarded the Atlanta winner, is an additional incentive for the contestants as well as the \$100 scholarship to the Georgia Tech Evening school of commerce announced by J. Glover Hailey, president of the Atlanta Association.

District contests will be held in the following churches at 7:45 o'clock tonight: District 1, Edgewood; District 2, Druid Hills; District 3, North Atlanta; District 4, Western Heights; District 5, Capitol View; District 6, Hapeville; District 7, Woodward Avenue, and District 8, Grant Park.

## CHICAGO EDUCATOR IS MACON SPEAKER

MACON, Ga., Feb. 22.—(AP)—Dr. Robert M. Hutchins, president of the University of Chicago, in two speeches here today to more than 1,000 Macon educators, students and civic leaders, told how the credit-less, compulsory, less experiment at the University of Chicago has "excited students about learning" and stimulated thought by its emphasis on learning rather than teaching, and predicted that the "stuff" taught in liberal arts colleges at present will "not even be considered education" 50 years from now.

In his address on "Higher Learning in America," tonight, Dr. Hutchins urged as steps to "better education at lower cost," "good, rather than cheap government, decent organization of government, and decent system of taxation." He spoke before 350 persons at the Hotel Dempsey dinner meeting of educators of middle Georgia and civic club leaders, a part of Mercer's centennial program and the university's George Washington anniversary celebration.

## Advertising, Economy Praised by Firestone

MIAMI, Fla., Feb. 22.—(AP)—Harvey S. Firestone, the rubber magnate, says newspaper advertising and curtailment of production costs helped him conquer the panic of 1920 and pay off a debt of \$45,000,000.

Speaking here last night before the Committee of One Hundred, Firestone said he owed that sum when he returned from a visit to Europe in 1920 to find business in a slump.

"I told my sales manager to go on a vacation," he said, "then I placed full-page newspaper advertisements in every city in the United States. Within two months I sold 18,000,000 tires and reduced my indebtedness to \$22,000,000. Next I cut my expense and readjusted business. In less than four years I did not owe the banks anything. We must change our attitude and concentrate on simple fundamentals to improve business. Let's make a sacrifice and help the other fellow."

Charles F. Kettering, of Dayton, Ohio, president of the General Motors Research Corporation, suggested that industry go back and study the fundamentals of science and utilize the nation's unlimited possibilities as a step toward advancing to prosperous times.

## Three Days More of Auto Show Expected To Draw Many Visitors

Only three days remain of the display of new models in the showrooms of Atlanta automobile dealers, and by Saturday night it is expected that every person interested in motor styles and conveniences will have seen the displays.

It is estimated that \$3,000,000 worth of cars are on display. The dealers are keeping open every night until 9 o'clock, enabling those whose duties will not permit them to visit the showrooms during the day, to see the cars at night.

The showing of new models this year is unusually complete, for every important manufacturer has put out a new car since December 1. The cars shown in Atlanta are identical with those which attracted such wide attention at the New York and Chicago automobile shows.

Some of the visitors were given an opportunity to test the excellence of the smart new styles. Demonstrators were on hand at the showrooms to take callers out for a ride. No sales talks were made, however, and salesmen did not attempt to sell anything to the crowds that came. The whole object of the displays is educational.

While the beauty and style of the 1933 cars attracted most of the attention, some of the visitors were even more deeply impressed with the mechanical innovations. The new ventilating system which fills the car with fresh air but does away with draughts attracted special notice.

Improvements in steering gears, which make the new cars so easy to control and park, were particularly pleasing to women drivers.

As to style, which is a characteristic of these new types, the European design is most noticeable. Perfection of appointments and luxurious interiors prevail, even in the cheaper cars. To have housed the display of all the makes, a large building would have been necessary, and this, at this time, was not available. The dealers accordingly, decided on individual displays in their own quarters. Some sent to the factories for cars to be used specially in the exhibit.

More interest was shown in this year's display than that of 1932, dealers said.

## Negro Confesses Plot.

KANSAS CITY, Feb. 22.—(AP)—Police said Charles Walters, 19-year-old negro, confessed late today an attempt to extort \$576 from Mrs. Durrell W. Butler, a white woman, by kidnapping her two children.

## Liver Sufferers Amazed At Results Obtained From Remarkable New Treatment

Thousands Reporting Sargon Soft Mass Pills Have Brought Them Lasting Relief From Constipation—Sour Stomach—Sick Headaches—Gas—Bad Breath—Coated Tongue—Nervousness and Dizzy Spells After Everything Else Had Failed.

Science has proved that Salts, Calomel, Mineral Waters, Oils, Laxative Pills, Herb Teas or Extracts have no effect whatever on the liver or its production of bile.

Unless you have tried Sargon Soft Mass Pills you can have no idea of the effects produced by this natural cleansing of your liver and bowels. It makes you feel years younger, stronger, healthier and happier. It brings back life and color to faded eyes and cheeks, restores the appetite and sound digestion—gives you a new outlook on life itself.

Bile is nature's laxative and your stomach and bowels require at least one quart of fresh bile every day to keep them clean, pure, free from fermentation, gas and disease germs.

When your liver becomes sluggish the bile stagnates and stops flowing freely. The contents of your bowels become the breeding place for germs and poisons; your food does not digest—it just ferments and decays in the bowels. The blood absorbs these poisons and you suffer from constipation, gas, sick headaches, biliousness, nervousness and sour stomach.

Sargon Soft Mass Pills remove the cause of this condition in nature's way. They are not like any other medicine you have ever taken. They are so gentle, thorough and natural in their action there is nothing about them to remind you that you have ever taken a medicine, and most remarkable of all you gradually reduce the dose until you no longer require a laxative at all.

Insist on genuine Sargon Soft Mass Pills. Don't be misled. There are only two known substances which will actually stimulate a torpid or sluggish liver to cleanse and purify itself by increasing its production of bile. Sargon Soft Mass Pills contain both of these substances and no other advertised medicine on the American market today does contain them.

Only 60c for a full 30-day treatment. At your druggist, or write G. F. Willis, Inc., Atlanta, Ga. At Jacobs stores all over Atlanta.—(adv.)

## Stomach Ulcers

Caused by Hyperacidity

### 3-Day Relief—No Operation

No need to suffer with ulcers due to hyperacidity, distress after eating, stomach pain, gas, sour stomach, indigestion or constipation. Vog's Tablets and Nature's healing power. Get them from any Jacobs drug store or write today for full information to ATLANTA VON CO., 756 Walton Bldg., Atlanta, Ga.—(adv.)

## Bronchial Troubles

### Need Creomulsion

Bronchial troubles may lead to something serious. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter how long standing, is not relieved after taking according to directions. Ask your druggist. (Adv.)

## QUICK END TO CORNS BETWEEN TOES

### First Drop STOPS PAIN Instantly

Those terrible mean corns between the toes that seem to defy all treatment—these are easily removable as any other with FREEZONE! A few drops of FREEZONE instantly put the corn to sleep. Pain is deadened at once, and soon the corn becomes so loose that you can actually lift it out with your fingers. Hard corns or soft corns—all yield to FREEZONE. All druggists sell.

## FREEZONE

### THE ONLY Cough Drops WITH THE SECRET FORMULA

Not ordinary cough drops, but a prescription of 11 medicinal ingredients, quick-acting and pleasant.

## 5c LUDEN'S Menthol Cough Drops

### 666

LIQUID TABLETS—SALVE Checks Colds first day. Headaches or Neuralgia in 30 minutes. Malaria in 3 days.

## 666 SALVE FOR HEAD COLDS Most Speedy Remedies Known.

### STOP GETTING UP NIGHTS

Physic the Bladder With Juniper Oil

Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUKETS, the bladder physic, also containing buchu leaves, etc. Works on the bladder similar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. Jacobs Pharmacy and Lane Drug Store, say Bukets is a best seller.—(adv.)

WHAT HAS HAPPENED? When Ann Holt arrived on board the giant trans-Atlantic liner that has been waiting for her for several hours, looking wet, Tony Gage lends his services to carry her to her cabin. He leaves her there unaccompanied with her grandmother, Ann who recently announced her engagement with Prince Carlos, and thereby fulfilling a wish of her grandfather, Jerome Cedric, an extremely wealthy man, decides that she has taken a liking to Tony and proceeds to chase him. Tony, who is connected with her grandfather's lawyers, does not intend to be an episode to brighten up the voyage to New York for her, and tells her so then she corners him in the ship's gymnasium. NOW GO ON WITH THE STORY.

INSTANTLY II. "Well, as I live and breathe—it's A. Gage!" she exclaimed in surprise as she looked toward the man. "I've looked all over the boat for you. The last I saw of you, you were looking at me without reply, so Ann continued. "I always says, isn't this a small world, that's what I always says." "Too small, sometimes," Tony replied. He got up and walked away. Ann rose and promptly followed him. "If I'm not inquisitive, might I ask for the pleasure of this dance with you?" she asked. "Hot in there," Tony murmured. "Mighty cool out here, colonel." She put her arm around him as if to lead. "I'll do the leading, thank you," he said. Ann became very conversational. "You know, I have a queer feeling—you and I have danced like this before—alone on the deck of a ship."

"We have," Tony unexpectedly replied. "We did years ago on our honeymoon." Ann was truly surprised. "Huh? Pardon me, but the sea is rather noisy tonight." She cupped her ear and Tony repeated very loudly, "I said—on our honeymoon!" Ann pretended she remembered. "Oh of course, of course—my wretched memory of faces." Tony interrupted her. "Well, it was such a brief honeymoon. The wedding took place too soon after our meeting." "Would you refresh my memory as to where we met?" she asked. Ann affected a southern dialect. "Mighty cool out here, colonel." She put her arm around him as if to lead. "I'll do the leading, thank you," he said. Ann became very conversational. "You know, I have a queer feeling—you and I have danced like this before—alone on the deck of a ship."

By Zane Grey

Hart Blaine realized without question that Ina's happiness was tied up with Ben Ide. Blaine had come to believe in Ben, and felt that the stories about his cattle stealing had been deliberately started by Setfer.

Marvie burst into the office. "Ina—Dad!" he shouted. "They've got Ben an' the Indian Judd and Walker are bringin' 'em in now. Setfer's out there, swellin' out his chest, puffin' on a big cigar. Dad, we gotta save Ben!"

Ina's knees nearly gave way as she listened to Marvie. Her Ben—in the toils of the law, and with the man she hated running the show! She felt the shock of suddenly released blood with its accompanying heat and accelerated pulse.

"You bet we'll save him, Marvie," Hart Blaine said grimly.

# Campbell Shatters World Speed Record With 272 Miles an Hour

Sir Malcolm Campbell drove his car Wednesday for an average speed of 272.108 miles per hour and used JUST ONE HAND, setting a new record.

It was a complete English victory, English driver, English motor, English tires, English mechanics and English nerves.

Probably there is not another set of nerves in the world like those of the debonair Englishman who at 48 years of age is in absolute possession of the world's high speed record.

In four tries he has never failed to set a new record. He has never tried more than once—a run down and back. He does it without any fanfare beyond a bit of helping out by the Daytona Beach publicity bureau now and then.

He has never fallen for the urge to try it again. Nor does he go in for commercial advantages. He arrives, breaks the record, and departs. Campbell's iron nerves are not those of a teetotaler. Yet he does not enter into our national arguments. Told when he arrived in New York that the United States had not yet voted for beer, he dryly remarked, "I don't suppose, though, there is any lack of it?"

Campbell mixes well, attends bridge parties, dinners and theater parties. He is a fluent talker. For recreation he likes checkers, bridge, reading and riding a bicycle. He is especially fond of his bicycle.

His two hobbies are driving a car in which some day he hopes to reach 300 miles an hour, and going off in search of buried treasure.

Back of it all, of course, is a government interested in developing engines for use, if need be, in time of war. Campbell used an airplane motor in his big car. The government sends him each year to test out motors and car building.

Campbell, by driving at a terrific speed on a rough beach, proved that he could control his car easily.

The poor visibility offers an astounding illustration of what he had to do. At best he could see only a mile ahead. He covered this distance in about 13 seconds. Had some object loomed up he would have only those few seconds in which to avoid it.

England is already far advanced in high speed motors. Out of Daytona Beach has come supremacy in airplane motors and in high speed engines for England. Out of the big brick track at Indianapolis has come supremacy in stock cars for America.

Notified in England of her husband's new record, Mrs. Campbell remarked, "Quite a fine effort. He'll be disappointed in the speed." More iron nerves.

And an entire lack of hysteria about the whole thing.

## OUT WHERE THE WEST BEGINS.

Just as if the daily papers did not carry enough stories of adventure, gun play and sudden death, Mr. Wilbert Robinson, the delightful gentleman who is president of the Atlanta Crackers, continues to devour his Western magazine. The west begins out on Ponce de Leon.

His avid thirst for adventure often brings him through a night of dreams in which he slays the bad man, captures the train robber, helps string up the cattle thief or is in turn wounded and suffering on the baking plains.

He was discovered yesterday afternoon, reading his mail, and told that Sir Malcolm Campbell had just driven an automobile 272 miles an hour.

"That's faster even than 'Ma' Robinson thinks I drive," he commented. Robby's drives from Brunswick to Atlanta are epics of adventure for those with him.

At present he is mourning over another holdout. It seems that in addition to a half-dozen or more ball players who think they should receive more than \$400 per month, he has a pointer pup which has run away. "I thought maybe he had heard of that field trial in Albany and gone over there," he said. "I started to wire you to look out for him."

## HOLDOUTS HURTING GAME.

The baseball holdouts are going right along hurting their own game. There are so many people working for less than the \$400 or \$500 per month which the better Crackers are being offered that they will not care for the holdouts.

And there are a number of people who are not working at all and who would like to take a good, hard kick at any ball player who thinks a couple of hours work per day is worth more than that. Certainly the fans do not view with sympathy the holdout attitude.

The whole situation is likely to result in a conclave of very serious baseball fans who are sitting in judgment trying to decide whether the players are worth their hire or not. And if they think they are not it will be a most unpleasant situation for them. The attitude of the fans will not be friendly and such a feeling is quite harmful to the game.

## A MYSTERIOUS ATTITUDE.

It is quite difficult to understand the attitude of the baseball players in at least one direction. They cannot be criticized for wanting as much as they can get.

Yet their stand is a bit selfish. They know what the salary limit is. It is \$4,250 per month. They either expect the owners to cheat or to pay two or three of them all the money.

The owners are a bit to blame—they have cheated in the past. It becomes a question of whether the owners will stand together.

The owners, it seems, have repented of their extravagances. It is fortunate that a near-death-bed repentance is accepted.

## TRAVEL BY BUS.

That loud moan on the stilly air is from Southern league players. The Eastern league has always ridden in buses. Now the Southern, which never has, prepares to purchase buses for hauling the help. In the past they've had specially chartered Pullmans and meals—with no expense to themselves.

## THE BIG TOURNAMENT.

Basketball is to reach its annual climax here tomorrow when the Southeastern conference, containing most of the south's good basketball teams, meets at the auditorium.

By all means plan to see it. Beside it the ordinary basketball game becomes a dull affair. Tournament games, on the big pine floor, have something new. They are THE games the boys have waited for.

Prices are reduced to a point where they are within reach of one and all.

## ONE-ARM DRIVERS.

Many young men, who like to take someone riding in the moonlight and display their proficiency as one-arm drivers, will feel greatly inferior now that Campbell has set a record of 272 miles per hour with one hand on the wheel.

## 'ROBBY,' MOORE GET TOGETHER FOR BUSINESS

Southpaw Pitcher From Piedmont League To Be Signed.

By Jimmy Jones.

Bearing the signatures of two promising rookies in his traveling bag, along with a batch of fresh applications from job-seeking ball players, Don Carlos Moore, the debonair skipper of the Atlanta Crackers, parked his big roadster in front of the baseball offices at Ponce de Leon park yesterday and immediately ushered himself into the office where sat their beaming president, Uncle Wilbert Robinson.

After hailing his young team boss lustily and asserting that he was mighty glad to see him after all these weeks in which Charley has absented himself from the city, President Robinson called the house to order and the matter of transacting business was begun.

The conference may prove to be a momentous one for it was the first powwow that has transpired between Moore and his jovial chief since the signing of the shaping up of the squad for spring training. Moore moved over the circuitous route from Louisville, Ky., in order to be here for the southeastern basketball tournament and also to help supervise the departure of the Crackers for the Mobile camp Sunday week. Charley is quite a basketball fan, having played the game extensively himself in the more reckless days of his youth.

## DISCUSSION.

Most of the afternoon was taken up in discussing applications and the players now on the roster—both signed and unsigned.

They announced that a contract had been sent to Pitcher Kleinhaus, a left-hander who had a good record with Greensboro in the Piedmont league last year. He is said to be a pretty good prospect. He won seven and lost three games year before last.

Chief Huey Harmon, big Indian right-hander who was with Memphis and Mobile awhile and who won 25 games in pitching Greenville to a Sally league pennant in 1930, wrote a letter, stating that he was a free agent and would like to sign with the Crackers. An arm ailment which sent him away from Memphis is now completely overcome, Harmon stated in his letter. His case will be considered.

The status of Pitcher Bud Shaney, who has averaged winning 20 games a season with Asheville and Charlotte, N. C., in the Piedmont league, was investigated and it was ascertained that he was a Class A player, having pitched 65 innings in the Southern league with Mobile several years ago. Shaney, with Charlotte last year, was favorably considered until this came up.

Several of Charley Moore's old players, now with other clubs, would like very much to come to Atlanta. These include Norman Eltis, who was the first baseman on two of Moore's pennant winners, Sitts is one of the finest defensive first basemen in the game and has a .300 batting average in Class A ball. He will be recalled to the Crackers. Robinson added, "I've got to tell you, Charley, that the right-field fence in an exhibition between the Crackers and Hartford last year. He also hit .304 for the Tulsa Oilers, Western league champions in 1928.

## MANY CONSIDERED.

These players and a host of others are being considered by Moore and Robinson. There are around 200 applications for jobs on file at the Atlanta offices. But the main problem of the Crackers executives now is to sign the players they already own. "I sympathize with the fellows, of course, but I don't yet see how we're going to pay more until conditions—especially baseball conditions—become decidedly better," Robinson stated. He pointed out that the ball players should realize how fortunate they are to have jobs at all during these times.

If they only knew it, a salaried man making as much as \$300 a month now is in a much better spot than the club owners," Robinson added. Jimmy Marter, rookie shortstop from the sandlots of St. Paul, regarded highly as a Class B prospect by Moore, and Pitcher Irving Cohen, formerly of the Cardinals with the White Sox, have been signed.

Following yesterday's conference, President Robinson and Moore made an inspection of the grounds. Business Manager Rook made groundskeeper Grande. Robby had few criticisms and much praise for the Crackers plant. Both he and Marter were elated over the carpet of green grass that has sprung up on the infield.

"I never saw a coat of grass that green any time of year," he exclaimed at Clearwater, Fla. "Uncle Robby" agreed.

## Suggs' Condition Still Critical

The condition of Johnny Suggs, star southpaw pitcher of Atlanta's great "kid team," which was reported improved but still dangerous last night at Government Hospital No. 48, where he is ill with pneumonia.

Suggs contracted the illness from working outdoors on his lawn a few days ago. Fortunately only one lung is affected, physicians report. Several acquaintances have called to inquire of Suggs' progress, including Chick Rook, business manager of the Crackers. Suggs is the son-in-law of R. J. Spiller, former president and business manager of the Atlanta club.

## Tech High Boxers Beat University

Tech High opened its boxing schedule with a victory over University School Wednesday night on the Henry Grady court, which was featured by three knockouts. Hollis Simmons, Tech High, knocked out Durwood Price, Paul Williams, Tech High, and Len Campbell and George Edwards, University, knocked out Everett Langley, Tech High. The Edwards-Langley bout was decided in an extra round.

In other fights, Joe Orr, Tech High, won a decision over Gene Warlick, Joe Wofford, University, won over J. T. Evans, and Ed Friend, Tech High, fought Glen Fisher, University, to a draw.

Tech High will sponsor a benefit boxing and wrestling program at 6:30 o'clock tonight in the Henry Grady gymnasium. The proceeds will go into a fund to help send the band to the president's inaugural at Washington, D. C.

## SOUTHEASTERN TEAMS ARRIVE TODAY FOR MEET

Mississippi State First on Scene of Battle. Teams Work Out.

By Ralph McGill.

Lean and serious young men began invading the city Wednesday in droves of 10 when the Mississippi State team arrived to begin practice for the southeastern annual basketball tournament, the first of the new conference and the most important one in Dixie.

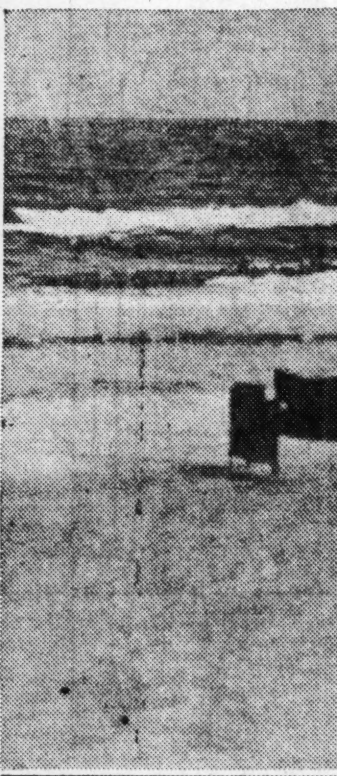

Morning trains are expected to bring in other groups and by Friday morning, there will be 15 teams registered at the various hostilities about the city. Kentucky is favored. The dark horses haven't yet got their harness.

In accordance with a long and established custom, there will be no practice on the big floor which will be rushed to completion today. The teams will work at the Atlanta Athletic Club and at other courts about the city.

No team will be allowed on the big

## As Speed Mark Falls

The excellent pictures above were made yesterday at Daytona Beach, Fla., as Captain Malcolm Campbell, British speed king, established a new world record of 272 miles per hour. At the top Campbell is shown on the shoulders of his British mechanics just after breaking his old record of 253 miles per hour. Below the Bluebird is shown streaking

through the record mile on the return trip. Campbell made 270.676 on the run. Suspended above the roaring supercar is one of the big red bulls-eyes which guide Campbell along the course. Just after the lower picture was made American Automobile Association officials announced a new world speed record. Associated Press photos.

## RACING, BOXING BILLS PENDING

Bills calling for the establishing of commissions to control horse racing and boxing within the state received the attention of the Georgia legislature yesterday and one of them, which would place the regulation of boxing in the hands of three ex-servicemen, was given approval by the senate committee.

A commission which would regulate betting on horse races in the state was provided for in the bill introduced in the house by Rogers, of Wayne, and Crawford, of Union. Under its provisions, the commission not only would be authorized to affix the various dates for races, but also would regulate the purses for the various events. The members appointed by the governor, are to make up the commission and each commissioner will be paid \$1,800 annually. The chairman will receive \$800 additional only would be authorized to affix the various dates for races, but also would regulate the purses for the various events. ## ARKANSAS CONSIDERS REFERENDUM ACTION

### Other States Begin Moves To Decide Wet-or-Dry Question.

LITTLE ROCK, Ark., Feb. 22.—(AP)—Measures proposing a referendum on repeal of the eighteenth amendment were introduced in each house of the Arkansas legislature late today after the lower branch had adopted a resolution creating a committee of five to draft a bill calling for a convention to decide the question.

The two bills, identical, are sponsored by Dr. A. C. Miller, president of the Arkansas Anti-Saloon League and nationally known dry leader, and were presented by Senator T. P. Atkins and Representative Morgan Smith.

Both measures call for a straight referendum with nine delegates to be instructed by the people as to their votes at a convention to follow the election.

Under the house resolution, however, a different type of machinery for submitting the repeal question is called for.

Its author, Representative Leo Meyer, of Phillips county, called a meeting of his committee tonight to consider a draft of a measure he said would contemplate an election to name 135 delegates—the same membership as the legislature—to a convention.

## Julia Peterkin Honored By Dixie Women's Group

NEW YORK, Feb. 22.—(AP)—The southern women's democratic organization held a luncheon today with Julia Peterkin, South Carolina author, as guest of honor. Mrs. Oliver Harman was chairman and Nina Broderick Price was toastmistress.

Repeal of prohibition repeal were introduced in the South Carolina general assembly today. The concurrent resolution was presented in the house by Thomas, of Hampton, and others. Ten members objected to immediate consideration and it was carried over until tomorrow. A similar measure in the senate was made a special order for tomorrow. It was introduced by Jefferson, of Colleton, and Nash, of Sumter.

In the senate, Laney, of Chesterfield, threatened to prevent action on the resolution by "reading all the old dispensary laws."

**NORTH STATE TO VOTE DIRECTLY ON QUESTION**

RALPHIGH, N. C., Feb. 22.—(AP)—North Carolina will have an opportunity to vote directly on repeal of both state and national prohibition laws, it was freely predicted in legislative circles here today.

Members of the house judiciary committee which has been studying the subject of prohibition said it would report favorably a bill by Representative Cover, of Cherokee, providing for a referendum on his proposal for repeal of the Turlington act, North Carolina's "bone-dry" law.

**FEDERAL AUTHORITY ENDED, TIMES SAYS**

NEW YORK, Feb. 22.—(AP)—The New York Times, in a special dispatch from Washington, said today that in the opinion of Senator Walsh, of Montana, "who has agreed to accept the post of attorney-general in the new administration," all connection which congress has with prohibition repeal ended with the submission Monday of the new amendment.

The Times said some hope had been expressed that an "advisory" opinion might be obtained from the supreme court, saving time and avoiding controversies which might arise over the question whether congress may lay down a basic representation rule for the state constitutional conventions.

The Times said Senator Walsh pointed out that Chief Justice Marshall set the precedent which he said the court undoubtedly would follow in refusing to hand down an advisory opinion.

## COTTON MEASURE AWAITING ACTION

### Plan Seems Sure of Farm Relief Proposals To Reach White House.

By WILLIAM L. BEALE.  
WASHINGTON, Feb. 22.—(AP)—An emergency plan for helping the cotton-growing south tonight topped the heap of farm-sid hills that are piled up at the capital awaiting a chance to get on the statute books before the March 4 deadline.

The measure, already passed by the senate, now has the approval of the house agriculture committee and is scheduled for democratic leaders for consideration of the floor. It would offer participation in a government cotton pool as an incentive to farmers to curtail their 1933 production.

With the legislative jam threatening even major supply bills—and President Hoover outspoken in his opposition to the house-approved domestic allotment plan—the cotton bill is seen as the surest of any direct farm relief proposal to reach the White House.

Bills to ease the mortgage burden are on the legislative calendars of both branches. In the senate it is the Hull-Walcott plan to have the Reconstruction Finance Corporation guarantee year moratorium on farm and small home foreclosures. In the house it is the Steagall measure to authorize extending the federal land bank mortgage payments.

But both have a long road to travel in both houses and only eight days to make the trip.

The cotton bill sponsored by Senator Smith, democrat, South Carolina, would create a board of six in the agriculture department. It would be financed by the Reconstruction Corporation and authorized to purchase from the secretary of agriculture and farm-belt banks any government cotton stocks plus any government cotton still held by the Red Cross for relief distribution.

Ass smooth as an Old Gold

HAVE you ever really tasted a natural-tobacco cigarette? Made solely of pure, sun-ripened, Nature-cured tobaccos... with no hot-burning artificial flavorings? Man, what smoothness! A smoothness that makes OLD GOLD utterly different from other brands; a smoothness packed with throat-ease and flavor. If you haven't tried Nature-flavored OLD GOLDS, made only from the tenderest queen-leaf Turkish and domestic tobaccos, well, sir, your cigarette education has been sadly neglected! Remember:—No better tobacco grows than is used in OLD GOLDS. And they are FULL-WEIGHT. TUNE IN on Waring's Pennsylvanians every Wednesday night—Columbia Chain
